From: Matthew E. Hill, P.E.
Date: May 1st, 2020
Subject: Sanford Capital Improvement Plan Construction in 2020

The City of Sanford, through its 5-Year Capital Improvement Work Plan, is hosting a virtual meeting on Tuesday May 12, 2020 at 1:00 pm (login details below).

The purpose of the meeting is to discuss the upcoming work on the above street and receive questions, comments, and concerns about the work to be performed.

The scope of the proposed work includes:

1. Tree Clearing
2. Ditch Maintenance
3. Drainage Repairs
4. Full Depth Reclaim of Roadway
5. Portland Concrete Base Stabilization
6. 3" of 12.5 mm Hot Mix Asphalt (paved in two lifts)

The existing centerline profile is intended to approximately remain the same although positive drainage grade corrections will be re-established.

It should be noted that once this work is complete, **the City will enforce a pavement moratorium prohibiting new excavation** in the roadway to protect these capital investments. Should you require a new or modified underground utility connection, please contact the appropriate utility to arrange this work as soon as possible. This will be your last chance for some time.
