iv.) City Council approved the project. Sebago Technics is doing the design and permitting. Rubb roof will be going on the SRE building in the next few weeks. An open house w/ SRE and Lifeflight is planned.

e.) i.) Rules + regs workshop was done. Circulated to the commercial operators at the airport for comments.

ii.) Airport business plan update will be started soon.

5.) a.) i.) Lifelight building sewer pump is backordered. Once part is installed, they can get certificate of occupancy.

b.) i.) Construction crew safety training complete. Mobilizing on Oct. 1st. Pre-construction meeting on Sep. 24th. Goal is to be live November 2020.

c.) Rubb not as interested in land release anymore. FMW is getting survey and appraisal done.

6.) a.) Lots of trash problems w/ Construction so all dumpsters now need to be covered. This will be added to rules + regs.

b.) Short term lease for solar laydown area. Detailed lease written due to area size and lease duration. Will generate $80k for airport. 15 month term. AAC voted to approve lease as written.

c.) Maine Beaches Association 200 in 200 will include promotions from Seacoast Helicopters and Pilots Cove Café.
