

# How to recycle curbside

Place a “SANFORD RECYCLES” sticker on any container(s) not over 32 gallon (containers can be any shape or color) for single sort recyclables (Do not bag, bundle or tie recyclables). Place all recyclables loose in the same container. **No sorting** is necessary. (Recyclables are sorted mechanically at ECOMAINE). Place it at the curb, separate from your trash with the sticker facing the road on your regular trash pick-up day. Recyclables might be picked up by a separate truck.
