919 Main Street, Sanford, Maine 04073-3589
(207) 324-9130 FAX (207) 324-9142

Request for Quotation

The City of Sanford is seeking preliminary pricing and contract terms for its electricity supply. The City, along with a number of other municipal and quasi municipal entities have coordinated contract end dates such that a contract for all of the accounts can be executed at the expiration of our existing contract. Expiration of the current contracts is scheduled for November 1, 2020.

The City is requesting that all interested parties provide pricing for Thursday, August 22, 2019. The City understands that pricing may change between the time that pricing is provided and the date on which the contract is signed. Please provide fixed pricing for 12, 24, 36 and 48 month contracts. Please also provide a sample contract document that includes the purchasing terms and conditions for the recommended energy supplier. The City prefers a single billing option where the charges for electricity supply are included on the invoice from the T&D utility (Central Maine Power Company).

The Chart of Accounts (attached) contains the CMP Account Numbers, name and/or physical address, CMP Service Address, City Department (or partner), and notes that may be helpful in confirming the account numbers should any questions arise. The accounts may be broken into separate contracts if there is a cost advantage to the City to do so.

Please reply by the close of business on Friday, August 23 via e-mail to ajhammerle@sanfordmaine.org or by regular mail to the address above.
