SPECIFICATIONS

PART 1: GENERAL

1.1 **SCOPE:** Contractor agrees and undertakes to demolish and remove the structures and debris at **2 Oscar Avenue** in its entirety, including complete removal and breaking up the foundation, slab, and any under structure found and removing as needed; and additionally as part of the project as summarized:

- Applying clean soil to match the natural grade of the surroundings in the base bid;
 - Applying sufficient depth of wood chips to cover the impacted area of the property provided by the City Public Works Department from the Public Works Facility, hauled by the contractor in the base bid;
- A. Demolition of the aforesaid structures located upon land in the City of Sanford;
- B. **Securing all demolition permits from the State of Maine and the City of Sanford and paying for any fees required with respect to such permit;**
- C. Removal of ALL debris from the site;
- D. Disposition of any and all of the demolition debris *other than* (I) that sold by Contractor, or otherwise recovered by Contractor as salvage, in accordance with the laws of the United States and the State of Maine and ordinances of the City of Sanford; provided, nevertheless, that Contractor is authorized to sell any salvageable components of the structures for its own account, as set forth below. Within thirty (30) days after completion of Contractor's services, Contractor will provide the City with copies of any documents evidencing the ultimate disposition of all demolition debris, except for such as has been sold for salvage;
- E. **The Contractor will not be responsible for tipping fees;** however, all demolition materials not salvaged must be weighed by product category at an authorized disposal site and transportation manifest and bills of lading from the disposal site provided to the City for reimbursement or billed directly to the City by a pre-approved disposal site;
- F. The City and Contractor shall identify the disposal sites to be used prior to contract signing and may pay for disposal at the pre-identified disposal site;
- G. Disconnection and capping of any water or sewer service(s) at approximately 6 feet from the foundation edge, currently connected within the project to the satisfaction of the Sewer and Water Districts;
- H. **Foundation walls, slab, underpinnings, and concrete floor shall be removed or concrete crushed to no less than 8 inch diameter sized pieces as part of the base bid;**

- I. **Any cellar holes shall be filled with clean soil as part of the base bid. The Director of Community Development must be shown the empty cellar hole, devoid of the foundation, before filling;**
- J. Compliance at all times and at Contractor's sole cost, during the period of demolition, with the requirements of the laws of the United States and the State of Maine, and the City of Sanford Code, including, without limitations, conformity with all reasonable demands of the Fire Department.
- K. Securing the demolition area during the period of demolition at all times by reasonable means acceptable to the Building Official. In the event it shall be or become necessary to temporarily close any streets, Contractor shall, prior to commencement of the work, apply for and obtain from the Public Works Department a permit for the temporary closing of such streets.
- L. **Pavement driveway shall be remain as is.**

SPECIAL ATTENTION TO M, N, O & P BELOW:

- M. **Comply with the Demolition Protocol** (attached: Appendix "A") with particular attention to dust control and site security.
- N. Buildings will be demolished in a safe and orderly way and comply with all State and local regulations. Neighboring areas must be policed every day for any debris.
- O. During the course of the demolition project, the Contractor must practice dust control by wetting down the building and its debris during the active part of demolishing the building and loading the debris onto the transport vehicles.
- P. The contractor shall maintain control of the site from the start of demolition until complete. The perimeter of the site shall be demarcated for "No Entry" and signs to that affect shall be posted.
- Q. **Applying wood chips, will be done as part of the base bid**, as directed by the Director of Community Development once demolition has been completed.

PART 2: EXECUTION

2.1 DEMOLITION OR RELOCATION

- A. Demolish all structures covered by this contract including all exterior steps, platforms and underpinning and foundation walls, etc. in accordance with the following terms and conditions:

Demolition shall be done in a manner to maximize the amount of material separation.

1. The structures and their components are to be demolished in such a manner as to prevent dust, dirt and undue noise from the operation from becoming a nuisance in the area.
 2. Cellars are to be cleared of all combustible and perishable material and of all tanks and piping. Tanks used for the storage of fuel oil or other flammable materials shall be removed in accordance with the regulations of the Fire Department and Maine Department of Environmental Protection and Maine Department of Public Safety.
 3. Stone, concrete and masonry walls, chimneys, etc. shall be completely removed or concrete crushed to 8 inch diameter pieces.
 4. No structures shall be removed substantially as a whole. All structures shall be demolished completely on the premises. Masonry walls, piers, columns or chimneys shall be demolished in small sections. All floor construction over basements or cellars shall be completely removed regardless of whether they are above or below existing ground level.
 5. Contractor shall remove all tanks (water, gas, oil, etc.) and piping.
 6. Once the work of demolition is started, it shall be continued to completion, uninterrupted except for Sundays and holidays or acts beyond the contractor's control. Material shall be removed from the site as quickly as possible and not be stored on site.
 7. The contractor shall comply with all applicable laws and ordinances.
 8. The contractor must exercise proper care in loading so that no waste or salvage material is strewed on public streets, neither during loading nor in route to the dumping site. Any material spilled on public streets will be promptly cleaned up and removed by the contractor.
- B. After the demolition and removal work have been accomplished, the site shall be cleared of all obstructions. Site shall be brought to grade as directed by the Director of Community Development.
- C. Demolition sites shall be covered as necessary with wood chip (provided by the City Public Works Department from the Public Works Facility) as directed by the Community Development Director.
- D. Demolition sites shall be secured within 30 days after the completion of demolition.
- E. When boulders are specified, one cubic yard or larger shall be placed along the street frontage of the premises at intervals of not less than six feet apart. The purpose for this provision is to discourage the unlawful use of any vacant premises for parking, storage, or related activity; however, such uses may be established subject to permitting, except for when:

2.2 CLEAN UP

- A. All debris resulting from the operation under this contract and all tools and apparatus are to be removed from the site at the completion of the work and the site left clear and free from hazards, to the satisfaction of the City.
- B. Bidders shall assume that all movable equipment and furnishings left on the premises during the bidding period shall remain the property of the occupant or owner and shall be removed by him/her prior to commencement of demolition and removal. Any such movable equipment or furnishings remaining on the premises after the date indicated shall become the property of the contractor and he/she shall remove same from premises.
- C. All fixed equipment which is on the premises during the bidding process shall become the property of the contractor and he/she shall remove same from premises.

APPENDIX A: DEMOLITION PROTOCOL

The following protocol is to be implemented for projects in the City of Sanford that involve the demolition of structures and is intended to reduce the generation and potential release of lead dust and debris into the adjacent area and secure the site:

- Due to the age of the properties being demolished presume that there is lead-based paint in the property.
- Except in emergency circumstances, the City will take steps to inform residents, businesses and other organizations within a 150 foot radius of the site of the planned demolition activities in advance of the demolition beginning. The City will print color flyers describing the precautions that are recommended to be taken to minimize lead exposure. Warning signs will be posted on the properties to be demolished during the 2 day prior to demolition and signs alerting traffic will be posted on the day of demolition.

All demolitions in the City of Sanford must comply with the following:

- The contractor shall secure the site prior to demolition.
- Prior to the commencement of demolition activity, the owner/contractor shall provide the building official with the following:
 - A completed demolition permit, including required demolition notification accompanied by the requisite fees.
 - Sign-offs for utility disconnects from the natural gas and electric companies and the municipal sewer and water districts. Sign-offs from cable and telephone companies are optional.
 - Documentation of hazardous material assessment and abatement in accordance with Maine Department of Environmental Protection regulations, if available.
- The contractor shall notify Dig-Safe seventy-two (72) hours prior to initiating any demolition activity.
- The contractor shall follow the procedures for handling and disposing of all regulated materials as required by the State of Maine. See MEDEP guidance on Asbestos Inspections.
- Demolitions shall comply with all applicable state and federal regulations.
- All demolition and debris will be removed from site in trucks that have proper covering screens.
- Wind and water erosion shall be done in accordance with the following: Temporary erosion and sediment control measures in keeping with the applicable best management practices shall be in place on premises in as necessary during and after the completion of demolition activity.
- During the course of the demolition project, when temperatures are above freezing the contractor shall practice dust control by wetting down the building and its debris during the active part of the demolition and loading the debris onto the transport vehicle.
- Temperature and other weather conditions shall be given consideration when scheduling demolitions during the winter months.
- The contractor shall prevent the accumulation of mud and fill material on streets and sidewalks from erosion and vehicles exiting the site.
- The contractor shall establish direct routes to final disposal site(s) to minimize impact on residential areas.

SAMPLE AGREEMENT

This Agreement entered into at Sanford, Maine this __ day of _____, 2023, by and between the **City of Sanford** a municipal corporation with a principal place of business in Sanford, York County, Maine (hereinafter referred to as “**City**”, which expression shall include its successors and assigns) and _____ (hereinafter sometimes collectively referred to as “**Contractor**”, which expression shall include their heirs, successors and assigns).

I. WHEREAS:

- A. The City desires to have certain buildings demolished at the following locations;
 - **2 Oscar Avenue;**
- B. Contractor desires to provide demolition services to the City for the purposes of accomplishing the complete demolition of **listed locations**; and
- C. The parties have reached an agreement with respect to the same which they wish to reduce to a written memorandum.

II. **NOW, THEREFORE**, for consideration paid, including without limitations the mutual covenants and undertaking more fully hereinafter expressed, the parties do hereby agree as follows:

- A. **Scope of Services:** Contractor agrees and undertakes to demolish **listed locations** in its entirety, according to the Request for Proposals including the specifications, proposal form, and notice to contractors, and all associated appendices attached hereto. The scope of Contractor’s undertaking includes the following:
 - 1. Demolition of the aforesaid structures located upon land in the City of Sanford;
 - 2. Securing all demolition permits from the State of Maine, or the City of Sanford and paying for any fees required with respect to such permit;
 - 3. Removal of all obstructions and debris from the site;
 - 4. Any Asbestos Containing Materials has been properly identified or treated as suspect and if found shall be properly handled and disposed according to State Law;
 - 5. Disposition of any and all of the demolition debris *other than* (I) that sold by Contractor, or otherwise recovered by Contractor as salvage, either on its own behalf or on behalf of the City, in accordance with the laws of the

United States and the State of Maine and ordinances of the City of Sanford; provided, nevertheless, that Contractor is authorized to sell any salvageable components of the structures for its own account, as set forth below. Within thirty (30) days after completion of Contractor's services, Contractor will provide the City with copies of any documents evidencing the ultimate disposition of all demolition debris, except for such as has been sold for salvage;

6. The Contractor **will not** be responsible for tipping fees, however, all demolition materials not salvaged must be weighed by product category at an authorized disposal site and transportation manifest and bills of lading from the disposal site provided to the City for reimbursement. The contractor shall identify all sites and fee estimates to be used prior to contract signing.
7. Disconnection and capping of any water or sewer service(s) currently connected at **listed locations** approximately 6 feet from the foundation edge;
8. Foundation walls, footers and floors shall be completely removed and disposed of. The foundation hole shall be filled with clean soil as part of the Base Bid;
9. Compliance at all times and at Contractor's sole cost, during the period of demolition, with the requirements of the laws of the United States and the State of Maine, and the ordinances of the City of Sanford, including, without limitations, conformity with all the reasonable demands of the Fire Department;
10. Securing the demolition area during the period of demolition at all times by reasonable means acceptable to the Sanford Police Department and Building Official. In the event it shall be or become necessary to temporarily close any streets, Contractor shall, prior to commencement of the work, apply for and obtain from the City any permit for the temporary closing of such streets.
11. Buildings will be demolished in a safe and orderly way and comply with all State and Federal regulations. Neighbors' areas must be policed every day for any debris on his/her properties.
12. During the course of the demolition project, the Contractor must practice dust control by wetting down the building and its debris during the active part of demolishing the building and loading the debris onto the transport vehicles.
13. The contractor shall maintain control of the site from the start of demolition until complete. The perimeter of the site shall be demarcated for No Entry and signs to that effect shall be posted.

B. Time and Sequence of Demolition: Demolition and removal shall be completed within 20 days from Notice to Proceed. In the event during the course of the demolition project, hazardous waste, chemicals, toxic or otherwise, are found to exist, which are known to Contractor at the time of execution of this Contract, the Contractor shall immediately notify the City. The Contractor shall, in addition to the aforesaid period,

have additional time to complete the Contract equal to the number of days that the hazardous removal parties are required to return and be upon the premises for the removal of any “after discovered” materials. Contractor shall commence demolition within five (5) business days after the date of execution of this Agreement.

- C. **Contract Price and Payment:** The City agrees to pay Contractor for the services called for in this Contract. Contractor shall be solely responsible for collection of any sales tax upon sale of salvage, and for remittance of the same to the State of Maine and shall hold the City harmless from and indemnify the City against any liability for the collection of such tax.
- D. **Compliance with Laws:** The bidder’s attention is drawn to the fact that they shall observe and comply with all applicable Federal and State Laws and Regulations, City Ordinances and the Rules and Regulations of all authorities having jurisdiction over the project, and these shall apply to the contract the same as though written out herein in full, and the Contractor shall indemnify the City and its representatives against any claim or liability arising from or based on any such law, ordinance, rules and regulations by themselves or by their employees.
- E. **INSURANCE:** The Contractor shall furnish proof of coverage with adequate insurance of the types- and to the limits specified below naming the City of Sanford as additional insured. Certificate of such insurance shall be filed with the Director of Community Development within 5 days from Notice of Award.
WORKERS’ COMPENSATION: Workers’ Compensation, coverage with Statutory Limits and Employers Liability for all employees with limits of \$500,000 per incident; and in case any work is sublet, the Contractor shall require the sub-contractor similarly to provide coverage for the latter’s employees unless such employees are covered by the protection afforded the Contractor.
AUTOMOTIVE LIABILITY INSURANCE: Automotive Liability insurance with minimum limits of liability for bodily injury in the amount of \$400,000 for each occurrence and minimum limits of liability for property damage in the amount of \$50,000/\$100,000 aggregate.
GENERAL LIABILITY INSURANCE: General Liability insurance with minimum limits of liability for bodily injury in the amount of \$500,000 for each occurrence and minimum limits of liability for property damage in the amount of \$50,000/\$100,000 aggregate, or a combined single limit of \$500,000 for each occurrence, including completed operations shall be required.
- F. **Indemnity:** Contractor shall defend, indemnify, and hold harmless the City from and against any and all claims and/or liabilities for (1) injury to person or property arising on or adjacent to the premises proximately caused by Contractor’s negligence during the period of Contractor’s services; (2) the unlawful, improper or negligent disposal of debris from **listed locations**; (3) the assertion of a lien or right to a lien, whether at law or in equity by any sub-contractor of the Contractor, claiming such lien to have arisen, in whole or in part, by reason of the services contemplated under the terms of this Contract on behalf of Contractor. This obligation of indemnity shall include the payment of costs and attorney’s fees reasonably incurred by the City in connection with the defense of any action or proceeding arising from such claims and/or liabilities.

The Contractor shall be responsible for all damages to property, or injury to persons arising out of their actions or failure to act. The Contractor shall defend, indemnify and hold harmless the City from any and all demands, suits or judgements arising in conjunction with or as a result of the Contractor's performance of this contract. The Contractor shall have no liens or encumbrances which would adversely affect the ability of the Contractor to perform as stipulated under this agreement, its terms and conditions.

- G. **Assignment:** Contractor may not assign or delegate this Contract or their obligations hereunder without the prior express written permission of the City of Sanford.
- H. **Title to Salvage:** Upon removal from the premises of any materials, Contractor shall immediately, without need of further evidence of title or conveyance, be vested with title to the material; any sales of materials salvaged from the premises shall be sales by Contractor rather than by the City; the City makes no warranty title, condition, fitness for any purpose or merchantability with respect to its transfer of title to any salvage, which is transferred to Contractor without any warranty of any kind whatsoever. The City is aware of no competing claims of liens which may encumber the property or personal property interests therein.
- I. **Bond Requirements:** Not required for this project.
- J. **Termination:** the City may terminate this Agreement for convenience upon thirty (30) days' written notice to the Contractor, in which case, the City shall pay the Contractor for all Services satisfactorily performed and materials purchased up to the date of receipt of such notice by the Contractor. In the event that the City terminates this Agreement for cause and it subsequently is determined that cause did not exist, such termination shall be deemed to be for convenience.
- K. **Default:**
 - 1. In Contractor fails to timely perform its obligation hereunder and written notice of such failure shall be sent to Contractor by the City and such defaults is not cured within ten (10) days after receipt of said notice, or if such default shall be of the character that it cannot be completely cured within ten (10) days after receipt of said notice, if Contractor shall not within this period commence to cure such failure and thereafter proceed with reasonable diligence to cure same, the City may terminate this Contract without further obligations to the Contractor. No materials may be removed from the City premises after receipt by Contractor of such ten (10) day notice, unless cure be effectuated.
 - 2. In the event that the letter of credit furnished pursuant to the provisions of Paragraph I above shall fail to have been renewed for an additional one (1) year term and the expiry date of the letter of credit shall be reached within thirty (30) days, the City shall have the right to draw upon the letter of credit.
 - 3. In the case where Contractor is required to do any act under the terms of this Agreement, delays which are caused by or resulting from an act of God, war, civil unrest, fire or other casualty, labor difficulties, general shortage of labor, materials or equipment, or other causes beyond Contractor's reasonable control, shall not be counted in determining the time when the performance of such act must be completed, whether such time be designated by a fixed time or a

removal of each component from the City's premises, title to such component shall immediately vest in Contractor and responsibility for lawful disposal (or sale) of such components shall thereafter remain solely Contractor;

2. Time is of the essence with regard to this Agreement;
3. Contractor agrees to attend pre-demolition meetings with such officials as may be designated by the Director for such purpose by the City. At that time, Contractor shall submit to the City a progress schedule;
4. Contractor shall provide for maintenance of traffic in accordance with Sub-section 104.04 and 107.11 of the Maine State Highway Commission Standards Specifications (4) Highway and Bridges, Revision of June, 1981 and the following provisions:
 - a. Since the project area is in or abuts streets used for passage on foot, the Contractor shall be responsible for scheduling his/her work in such a manner that safe passage for pedestrian and vehicular traffic is provided at all times with a minimum of obstruction.
 - b. Contractor shall make arrangements with the Chief of Police, the Chief of the Fire Department, and other City officials as required for performance of the work. Contractor shall arrange any pay for all police protection and assistance required to adequately handle traffic.
 - c. When it necessary for traffic to pass over portions of the abutting roadway during the demolition, the Contractor shall at all times provide for the safety of traffic by using such warning signs, flares and lights as may be required by the City of Sanford. All such temporary traffic controls shall be provided at the sole expense of Contractor. In the event any street or way is to be temporarily or permanently closed to travel, a 48 hour notice will be given by Contractor to the City of Sanford, the Chief of the Fire Department, the Chief of Police and the Public Works Director. In the event the closing of a street becomes necessary, all costs involved in establishing and maintaining a suitable detour, as may be required by the municipal officers, will be borne by the Contractor. Approved signs shall be furnished, placed and maintained by the Contractor at such points as designated by the Engineer. The Contractor shall be liable for all damages occasioned in any way by the act or neglect of themselves or their agents, employees or workmen. When the bridges or other temporary expedients are no longer necessary, they shall remove them and restore the private ways, paths, drives or walks to their original condition.
 - d.
