CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES

January 22, 2013

Dear Friend,

I hope this letter finds you and your family well. It continues to be an honor to represent you, and I wanted to take a moment to share with you some of the work I've done in Washington and Maine over the last year and look ahead to the rest of this year.

Given the partisan environment and lack of compromise in Washington, I have been looking for ways to help Maine people and the Maine economy that rise above those partisan differences.

One issue I worked hard on last year was local food and local farming. Farming—particularly smaller, sustainable farms—is a growing part of Maine's economy. For too long national farm policy has primarily benefitted giant agribusinesses in other parts of the country. So I introduced the Local Farms, Food and Jobs Act to bring local farmers the resources they need to keep growing.

Every five years, Congress is supposed to pass a farm bill, which sets the nation's farm policy. As we debated a farm bill last year, we were able to get most of the provisions in the Local Farms, Food and Jobs Act included in the legislation. Congress has yet to pass that farm bill, however, but we are working to make sure those important provisions that will help local farms in Maine remain included when they do.

Sometimes the most practical solutions don't even involve legislation or Washington. For example, as the lobster industry struggled with low prices and an oversupply of lobster last summer, I wrote to the heads of all the cruise ship companies that visit Maine. I was surprised to learn that none of them were buying local, fresh lobster for their passengers and I asked the CEO's of each company to consider doing so. I'm happy to say that a number of them agreed to buy lobster locally when their cruise ships made stops in Portland, and ordered thousands of pounds of Maine lobster for their passengers.

I am beginning this year with a new assignment to the House Appropriations Committee. This is a big responsibility, since it is the committee where virtually all the spending decisions are made. These decisions can have a real impact on Maine, from how much funding is available to shipbuilding to things like funding for first responders and schools.

Everyone agrees we need to reduce the deficit, but how we go about that is a matter of great debate. I believe we need to cut unnecessary spending but at the same time keep investing in the things that will grow our economy and provide a bright future for our children. And I'm sure we will debate those issues on the Appropriations Committee.

I want to also take this opportunity to remind you that I am always ready and willing to help you out if are having an issue with a federal agency. My office can make inquiries to a federal agency on your behalf; connect you with resources and more. No question is too small and we are always happy to hear from you. If there is anything I can do, please don't hesitate to contact me at (888) 862-6500 or www.pingree.house.gov.

Hope to see you in Maine soon,

Chellie Pingree
Member of Congress

Senator John L. Tuttle
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

176 Cottage Street
Sanford, ME 04073
Home: (207) 324-5964

Dear Residents of Sanford and Springvale,

It is my great pleasure and honor to serve as your State Senator during the 126th Maine State Legislature.

Maine faces serious challenges, and overcoming them will require hard work and a spirit of collaboration. Legislators of both parties need to be able to work together to address the many complex issues we face. We need to do more to bring good paying jobs to Maine. We need to address our healthcare costs, and we must continue to help our most vulnerable friends, family members, and neighbors through difficult times – just as we have always done here in Maine.

We have many challenges, but also many opportunities that I hope we can take advantage of in the months ahead. Shortly after I was elected to the Senate in 2012, I was honored to be chosen as the Senate Chair of the Veterans and Legal Affairs Committee. As a veteran myself who has advocated for veterans in the Legislature, I am excited to lead the primary state committee that handles not only veterans' issues, but also our laws around elections, liquor and gaming, and government ethics.

As your State Senator, I am here to listen to your legislative needs and concerns, as well as act as a liaison between you and the State government. I can be reached by phone at the State House at 287-1515. When I am back in the district my home phone number is (207) 324-5964. You may also e-mail me at SenJohn.Tuttle@legislature.maine.gov.

Please feel free to contact me with your questions or concerns.

I am honored and grateful for the opportunity to serve you.

Sincerely,

A handwritten signature in black ink that reads "John" followed by a long horizontal flourish.

John Tuttle
Senator, District 3

Anne-Marie Mastraccio
23 Lebanon Street
Sanford, ME 04073

abby@psouth.net

HOUSE OF REPRESENTATIVES

2 STATE HOUSE STATION
AUGUSTA, MAINE 04333-0002
(207) 287-1400
TTY: (207) 287-4469

MESSAGE TO THE CITIZENS OF SANFORD

Dear Neighbors:

It is an honor to serve as your State Representative. As your voice in Augusta, I continue to work to create more economic opportunities for the people in the communities I serve and to assure that our schools, public infrastructure and natural resources are sustained and protected in these very difficult times.

While the national economy seems to be moving in the right direction, in Maine we continue to have significant budget and revenue shortfalls. As we move forward with the biennial budget, you can rest assured that I will closely review any proposed cuts and work hard to ensure that middle-class Mainers are protected.

I have been appointed to serve on the Legislature's committees on Labor, Commerce, Research and Economic Development and the Joint Select Committee on Maine's Workforce and Economic Future. In both of these committees, we are looking to find creative ways to rebuild our economy and bring good jobs to Maine. We have created partnerships with small businesses in order to find out what is needed to help their businesses grow.

I am proud to be the sponsor of a proposal to limit "sexting" by youth. Sexting is the act of recording, copying or transmission of sexually explicit images, photographs or videos. Current law does not address sexting by minors. Right now, a minor who sends sexually explicit text messages, even of himself or herself, could be prosecuted under child pornography laws and required to register as a sex offender. My bill seeks to discourage sexting by finding appropriate penalties while ensuring that youth are not prosecuted as predatory criminals when they are not. Additionally, the law provides educators with tools to prevent sexting.

Please do not ever hesitate to contact me with any questions or concerns or if you need assistance with State Government. I can be reached by email at annemariemastraccio@icloud.com or by phone either at home (324-8692) or at the State Capital (1-800-423-2900).

Once again, I am honored and grateful for the opportunity to serve you.

Sincerely,

A handwritten signature in cursive script that reads "Anne-Marie Mastraccio".

Anne-Marie Mastraccio
State Representative

MESSAGE TO THE CITIZENS OF THE TOWN OF SANFORD

Dear Friends and Neighbors:

It is an honor and a privilege to represent the Town of Sanford in the Maine House of Representatives.

The legislative session is fully underway now and I believe fresh energy continues to move Maine forward. By working together we can solve the problems that our communities face. Our greatest challenge this session is to solve the state budget. We need a budget that meets the state's essential commitments and avoids merely shifting the burden locally to our communities struggling working families.

Growing the middle class and rejuvenating our stagnant economy remains at the forefront of all discussions at the State House. Jobs, education, research, transportation, energy, fisheries management and healthcare, all have our attention as we build and defend Maine's budget priorities.

I am committed to work hard for the people of Maine. Through my service on the Legislature's Agriculture, Conservation and Forestry Committee I am dedicated to ensuring that we protect Maine's natural resources. It is important to support our local farmers and small business owners and I pledge to work with my colleagues to do just that.

Please do not hesitate to contact me with any questions or concerns or if you need assistance with state government. I can be reached by email at noonformaine@gmail.com or by phone either at home (432-1790) or at the legislative message line (1-800-423-2900).

Once again, I am honored and grateful for the opportunity to serve you.

Sincerely,

Rep. William Noon
House District #142

October 23, 2013

Dear Neighbor,

It's been an honor to serve as your state representative. As your connection to Maine state government, I'd like to let you know about some of the new laws passed by the Legislature and resources available to you as a Maine resident.

Our priorities as legislators were to grow Maine's economy and strengthen the middle class. I'm happy to report that lawmakers on both sides of the aisle found common ground in areas important to our constituents.

We crafted and passed a responsible bipartisan budget that prevented massive property tax hikes, put more money in classrooms and averted a possible state government shutdown. We passed a first-of-its kind workforce development measure to address the state's skills gap and help our friends and neighbors compete for 21st century jobs. We enacted historic energy legislation that lowers costs and increases efficiency, and my first in the nation legislation to secure the grid from long-term blackouts.

You'll find information on other highlights of the session inside this newsletter.

I hope you find these resources helpful. These are difficult times, but I want to assure you that your best interests are always foremost in my mind.

Please do not hesitate to contact me with any questions or concerns. Your feedback helps me work best for you..

Sincerely,

Andrea Boland
State Representative

Sanford Regional Economic Growth Council
ANNUAL REPORT
July 1, 2011 – June 30, 2012

The Sanford Regional Economic Growth Council ("the Growth Council") is a private, 501c6 corporation established in October 2009 by three co-founders: the Town of Sanford, the Sanford-Springvale Chamber of Commerce and the Industrial Development Corporation of Sanford (IDC). This evolving group was a few months shy of completing its third year of operations at the end of the annual reporting period. The Growth Council is chartered to be the leading economic development organization in central York County. As such, it works each day to increase the prosperity of its citizens and enhance the area's economy.

Despite the broad impact and nagging persistence of the Great Recession, the Growth Council's overarching goal continues to be to encourage economic growth in the region, with a particular focus on new job creation. It is led by an experienced seven-member board of directors and staff who work to expeditiously connect the business community with the most effective programs and resources available. The organization concentrates on helping local companies grow, recruiting new business to the region, and encouraging new business formation.

Services are comprehensive and include: site location assistance; providing demographic and labor market information; financial packaging support; connecting business clients to appropriate tax incentives; catalyzing inter-governmental relations; and providing leadership in business advocacy and public policy issues. When it comes to business and economic development the Growth Council is the region's one-stop "go to" resource. In the fall of 2011, the Growth Council hired a second staff person and just before Christmas staff was able to move into new office space. The office entrance is on Legacy Lane.

During the twelve month report period, the Growth Council assisted with the ongoing progress or conclusion of the following business attraction projects: Sanford Priority Group's roundabout project, ribbon-cutting ceremony following construction of a new convenience store, gas station, car wash, McDonald's restaurant and the new South Sanford SIS branch; Northland Enterprises' Sanford Mill project which included securing bridge financing from MRDA, a brownfields loan from SMRPC, and TIF approval from the Town, for upper story market rate housing and commercial first floor space; despite twelve months of work for the \$20 million Brady Sullivan Lofts at No. 4 Mill project on Emery Street, which includes upper floor workforce housing apartments and first floor commercial space, the Maine Housing decision was still pending in June 2012; following the NEBM (Lavalley Lumber) bankruptcy the Growth Council worked with Deering Lumber and Pleasant River Pine to purchase and re-start lumber mill operations; assisted Oceanside Rubbish with plans to consolidate multiple locations in the region into one Sanford site; and also worked with two different developers considering re-use of the CGA property. Very preliminary discussions were undertaken with developers interested in agriculture and aquaculture development projects. The

genesis for a branding initiative to improve the Sanford logo, tagline and message was begun by Growth Council in the spring of 2012; a number of improvements were also made to the attraction website.

Some examples of support on the business expansion front included: preliminary discussions with Flemish Master Weavers as they set out to expand their plant footprint again during the next report period in 2012-13; grant-writing and technical assistance for New England Truck Tire so they could secure funds to expand square footage and create jobs; tax increment financing preparation for the downtown district (Walgreens project) and JFK Realty to redevelop the Kennedy Center (former Nasson Science Building) into commercial space.

A lot of time was spent during report period doing "preparatory and foundational work" for economic growth. Key tasks included: leading the Town's effort to become officially "business friendly" which resulted in Sanford being one of first communities in Maine recognized and certified; participating on the Core Building Committee formed by the Town Council to begin the work that will culminate in \$100 million school construction project establishing a new integrated high school and regional technical center by 2017; working with community college leaders and staff to secure a permanent community college presence in Sanford to support the future employment opportunities planned by regional manufacturers, including identifying the space and securing machinery and operational funding; attending Corridor Study meetings to ensure optimal transportation improvements to benefit Sanford; participating on workgroup to develop transit center following receipt of federal grant; and ongoing work with Unitil to determine feasibility for expanding natural gas to the town center.

The Growth Council also spear-headed a couple of tourism attraction events to encourage people outside of Sanford to visit. These included: Horizon Hobby Air Meet 2012 to showcase the Sanford Seacoast Regional Airport and draw thousands of participants and spectators for model venues including planes, cars, and helicopters; Fireball Run to partner with Ogunquit and facilitate the visit of 40 fancy sport cars and 80 business executives from around the country; and Maine Adventure Camp, a preliminary concept requiring additional study.

Finally, a special thank you goes out to the Growth Council Board of Directors. Their volunteer time, energy and solid advice are greatly appreciated by staff.

Respectfully submitted,

James F. Nimon
Executive Director

ASSESSOR'S OFFICE

Property assessment administration is a complex and technical profession vital to the financial health of local government. The Sanford Assessor's Office is responsible for administering the ad valorem (according to value) tax system and its objective is to identify and appraise all property in Sanford and Springvale.

In Maine, the ad valorem tax is based on the principle that the amount of tax paid should depend on the fair market value of property owned on April 1st of the current tax year. The property taxes are a major source of revenue for financing local government services such as police, fire, schools, public works, parks and recreation, and town hall.

Assessed values used for tax purposes must be accurate so that the tax burden will be distributed fairly and equitably. The primary tasks performed by the Assessor's Office as we work toward completion of an assessment roll are:

1. Locate and identify all taxable property in Sanford and Springvale
2. Make an inventory of the quantity, quality and important characteristics of all taxable property
3. Estimate the value of each taxable property
4. Determine the extent of taxability of each property
5. Calculate the assessed value of each property
6. Prepare and certify the assessment roll of the entire jurisdiction
7. Calculation of tax rate and send tax bills

Our Town Meeting Members determine the amount to be spent to run our community. The assessed value is the base for calculating one's tax responsibility.

There are programs offered by the State Bureau of Taxation. For businesses with personal property, inquire about the "BETR and BETE Programs". For the individual, inquire about the "Tax and Rent Reimbursement Program", filed annually with the State. Veterans, age 62 or 100% disabled are eligible for an exemption. File with Assessor before April 1st after your 62nd birthday. Maine residents are eligible for a "Homestead Exemption" on their home. A one time acceptable filing is required prior to April 1st of the tax year.

The Assessor's staff is always ready to answer questions and assist residents in understanding their property tax bills.

Respectfully,

George Greene, CMA
Sanford Assessor

Missy A. Flayhan, Director
Stacey A. Johnson, Assistant Director

Town of Sanford, Maine **Human Resources Department**

The fiscal year July 2011 – June 2012 proved to be another very busy and challenging year for the Human Resource Department. I was very pleased the Town hired my Assistant Human Resource Director; Stacey Johnson on a permanent basis. She had served in the interim on a temporary employee status. She has proven to be an asset to the department.

During the 2012 fiscal year our department continued to pride itself in hiring the best candidates to serve the Town of Sanford. We filled several additional full-time positions including: five full-time Public Safety Dispatchers, an Assistant Fire Chief, an Ambulance Billing Clerk for the Sanford Fire Department, a Paramedic, a Mechanic II, a Director of Communications with the SRCC, an Assistant Clerk with our Town Clerk's office, and the reinstatement of our Garage Maintenance Supervisor position. We also added several new temporary employees during the summer months to our parks and recreation program, Public Works Department, Airport and Transfer Station.

The Town had previously faced the unfortunate task in preparing the previous year 2011/2012 budget due to the elimination of several positions in the spring of 2011. The 2012/2013 year continued to be a challenge for our employees to deliver the level of quality service they were accustomed to providing to our citizens with the reduced staffing levels.

The Human Resource Department was very pleased to announce our health insurance carrier, Anthem Blue Cross and Blue Shield, established a new Employee Assistance Program which became effective January 1, 2012. The new program has provided free assistance to all Town employees and their families and offers a wide variety of confidential services.

On a positive note; for another year, the Town continued to make great progress in achieving our goals of creating and sustaining a safe work environment for our employees. The continued efforts of our strong and effective Safety Committee addressed injuries and other safety issues on a monthly basis. We have worked together with Maine Municipal Association to establish a strong working relationship to enhance our program. We also continue to work with the Town of Sanford's Worker's Compensation health care provider, H. D. Goodall Occupational Health Clinic, to provide the best care for our employee injuries. The overall collaborative effort with both Town employees and the Safety Committee resulted in a significant reduction of lost wage claims from the prior year. Our goal is to continue to work as a team and continue to reduce our claims and to sustain the safe work environment we have established.

The Human Resource Department strives and plans to continue to provide the best possible service and resources to all town employees.

All future employment opportunities are listed on our website: www.sanfordmaine.org under Employment Opportunities.

DEPARTMENT of PLANNING & COMMUNITY DEVELOPMENT 2011-2012

The primary responsibility of the Department of Planning & Community Development is to provide technical support to the Planning Board which is responsible for the development of the Comprehensive Plan and for recommending to the Town Council any ordinances needed to implement the goals and objectives of the Plan. The Planning Board also reviews all the private and public major land development applications and all subdivision applications. The Department has a staff of two: a Director, James Q. Gulnac, AICP and an Administrative Assistant, Barbara Bucklin.

The Planning Department's application review process has multiple levels of complexity including simple administrative reviews conducted by staff for minor changes to existing site plans or more complex changes which would require final review and approval by the Planning Board.

The Planning Director also serves as the Town's Community Development Director. In this capacity, the Town Planner assists in the administration of the State of Maine Community Development Block Grants (CDBG). These projects cover a wide variety of areas including public infrastructure projects, financial support for economic development projects that create jobs, other community development activities relating to meeting the national objectives of eliminating slum and blight, and providing assistance to those who are considered low and moderate income.

The Planning Director also serves as the Town's Brownfields project coordinator. This highly successful program is funded through grants from the federal Environmental Protection Agency (EPA). The grant program assists with the assessment and cleanup of properties which, due to prior use, are no longer viable for development because of environmental conditions that can often be considered hazardous. The goal of this program is the ultimate redevelopment of the 'mill' area of the town. The program allows communities to combine resources from both public and private enterprises.

The Town of Sanford was one of 23 communities across the country to receive an Area-Wide Planning Pilot Grant. This grant has been officially closed out and a final report issued. In this past grant funding cycle Sanford received a total of three (3) new grants: \$400,000.00 for Assessment, a \$200,000 clean-up grant for the CGA site, and a \$200,000 clean-up grant for a parcel in the mill district. The town has also received additional grants through the Brownfield revolving loan fund at Southern Maine Regional Planning Commission. The highlight of the redevelopment of the Mill District will be the opening of the Sanford Mill in August of 2013.

CODE ENFORCEMENT

The Codes Enforcement Office administers the City of Sanford's Zoning Ordinance, the Shoreland Zoning Ordinance, the Property Maintenance Codes and all building codes adopted by the City or required by State statutes. The Codes Enforcement Office performs property inspections, provides information on codes and ordinances, and issues permits. For fiscal year 2011-2012:

BUILDING PERMITS OCCUPANCY		CERTIFICATES	OF
Residential	225 (10 new)	Business	57
Commercial	69 (6 new)	Residential	10
Plumbing	138 (internal) 35 (external)	Home Business	13
Sprinkler System	2		
Other permits	<u>167</u>		
TOTAL	636	TOTAL	<u>80</u>

Construction projects of particular interest that occurred in fiscal year 2011-2012 include the development of a Little Mart, MacDonalds, and SIS bank branch near the roundabout at Route 109 and Route 4, a new house built on New Dam Road by SRTC students, renovations to the Kennedy Center on Oak Street at the former Nasson campus, renovation of a vacant building on High Street into a new private school, renovations to Town Hall with the relocation of several offices, start of renovations to the Sanford Mill, construction of a Walgreens pharmacy and a new building for York County Federal Credit Union at the Route 202 and Route 109 intersection, and the relocation of both NAPA and Aubuchon Hardware.

Of community interest, a new boardwalk was constructed as part of the Mousam Way Trail expansion from Emery Street along the Mousam River to School Street.

In addition to inspecting all new construction and renovation projects, the Codes Enforcement Office performs inspections for license renewals, and responds to complaints associated with buildings and land use. Compliance with codes, ordinances, and state statutes is sought as part of all our inspections.

The Zoning Board of Appeals is a group of volunteer citizens who meet to hear appeals of decisions made by the Codes Enforcement Office based on the reading of the Zoning Ordinance. During fiscal year 2011-2012, the ZBA heard and granted two administrative appeals. One dimensional variance request was dismissed.

Respectfully submitted,

Shirley Sheesley
Chief Code Enforcement Officer

SanfordTM Seacoast Regional Airport

M. Allison Rogers
Airport Manager

Sherry A. Lord
Assistant Airport Manager

Airport Report 2011-2012

Sanford Seacoast Regional Airport continues to serve the flying public, the City of Sanford, and surrounding communities as one of the finest general aviation facilities in New England.

Development –

- MAS Hangars, LLC constructed an eight hangar complex on the airport's west side that will accommodate and attract larger aircraft at the airport.
- Airport revenues continued to increase this year with new leases, operating rights agreements and increased aircraft parking fees.
- Dash Aviation, a new flight training school opened offering a multi-engine aircraft training program.
- The City Council approved a new name for the airport, Sanford Seacoast Regional Airport, to recognize fly-in tourism as a major component of the airport's customer base, and to differentiate Sanford from other Maine airports as a preferred fly-in destination.

Public Events –

- The Horizon Hobby Air Meet 2012 attracted nearly 15,000 spectators. The event features world class model jet flying, a dirt track for model cars and trucks and a series of spectacular air shows by world champion aerobatic pilots.
- The Wings of Freedom World War II aircraft visited the airport
- The Red Star pilots' annual aerial pumpkin attack at Number One Pond,
- Several Young Eagles' Rallies.

Airport Improvements –

- The airport was the site of a large, nearly year long logging operation which benefited the City and airport financially as well as clearing aircraft approach obstructions and future airport development sites, and improving the line of site between runways to enhance safety.

The airport welcomed a new manager, M. Allison Rogers, in June 2013.

Information Systems
July 2011 – June 2012

This year the Information Systems Department spent a significant amount of time on public safety related projects and major infrastructure improvements. The Town of Kennebunk came on board as a partner with the Sanford Regional Communications Center in October 2011. This involved connecting the Kennebunk Police and Fire computer networks with the Sanford network via a microwave connection so they could begin to run the Tritech/IMC software from the Sanford IMC server. Considerable work went into setting up the IMC system to accept their data. Their Police car computers were also integrated into our mobile network and Track Star automatic vehicle location system.

The Town entered into a lease arrangement to obtain new computer server equipment and licenses in order to virtualize most servers rather than purchase new physical servers each time a need arises. The hardware includes 2 Dell physical servers, a Dell EqualLogic storage array, network switches, and a disk-based backup storage device. The software includes licenses for VMware ESXi virtualization software, Microsoft Windows Server 2008 R2 DataCenter Edition, and Backup Exec backup software. The Microsoft server licenses in this case allow us to run an unlimited number of Windows Server virtual machines.

Virtualization allows a physical server to run multiple logical servers by emulating the hardware operating environment for each logical server in software. Virtualized servers can be backed up in “known good” states so they can be rapidly deployed on different physical servers for reasons such as hardware replacement, hardware failure, or load balancing for performance. The Dell EqualLogic Storage Area Network (SAN) allows us to simplify storage infrastructure and management, optimize resource utilization, shorten the time it takes to backup and restore data, and backup to disk more frequently by making snapshots of data several times per day. Each virtual server only gets allocated the storage that it needs to operate, and this storage can be reallocated on demand if the need arises.

Three physical servers that were capable of being cloned into the virtual environment were switched over to virtual servers right away...including the Exchange e-mail server, the IMC public safety software server, and the Town Hall print server. A base Windows 2008 R2 Server was then created and used as a template to build other new servers for the purpose of migrating software off from the old physical servers for no additional cost. We eventually created individual servers for Trend Micro Antivirus, our IMC Mobile Switch, IMC standalone services, separate print servers for the Town Hall and Police Station, Track Star Automatic Vehicle Location, and two Remote Desktop Services servers. The Remote Desktop Services servers allowed us to eliminate the terminal server software Propalms on old physical servers for no cost. The Remote Desktop Services “RemoteApp” feature allows us to publish applications in a manner that allows screen updates to be sent over low bandwidth connections to remote users when running the applications directly on the servers at high speed, greatly improving the user experience.

Bill Botting, Director of Information Systems

Sanford Regional Communications Center

Sanford Regional Communications Center is a Public Safety Answering Point (PSAP) for all 9-1-1 calls made in Acton, Alfred, Kennebunk, Lebanon, Limerick, Hollis, Newfield, North Berwick, Old Orchard Beach, Sanford, Springvale, Shapleigh and Waterboro, Maine. This center handles numerous seven-digit lines covering the partner jurisdictions' Police, Fire and Rescue Departments.

In 2012 the center handled **111,583** calls for service and **26,763** 9-1-1 calls.

During the summer of 2008, the Regional Communications Center took over the dispatching duties for the York County Sheriff's Department and York County Emergency Management Agency. They have also become the repository for all of the warrants in York County. Average daily count is approximately 7000 warrants on hand. Sanford Regional Communications handles dispatching for nine area fire departments, as well as dispatching for the Sanford,

North Berwick, Old Orchard Beach and Kennebunk Police/Fire/Rescue departments bringing the total to 18 towns that utilize our dispatch center as well as the York County Sheriff's Department. The staffing level

has increased from 6 full time dispatchers in 2007 to 24 full time dispatchers, and 6 part time dispatchers, including 4 supervisors.

Sanford Regional Communications Center is staffed with highly trained individuals. They have many hours of training ranging from Emergency Medical Dispatch, data entry into the National Crime Information Center, operations of the Enhanced 9-1-1 system, and use of the Maine Telecommunications and Routing Operations system (METRO) for queries into the Maine Department of Motor Vehicles, among other things.

Sanford Regional Communication uses state-of-the-art technology that allows a caller's location to be displayed on a map at the time of the call, whether on a cell phone or standard residential phone.

Sanford Regional Communications is staffed 24 hours a day, seven days a week. The entire division was awarded the "Communications Office of the Year" in 2007 for their efforts during the Patriots' Day storm, as well as when the Communications Center was evacuated after an oil spill near the Center requiring that the dispatchers work from a temporary, mobile facility for one week.

Parks and Recreation Town Report July 2011-June 2012

Red Sox trips were a highlight of the summer season for over 300 community members who took the bus to Boston to enjoy the ambience of a Boston and Fenway Park. The trip to Boston via coach transportation was comfortable and the parking was left to the bus driver.

When school ends the Parks and Recreation Summer Camps take over with an overflowing 1st grade to 4th grade camp and only a few spots left in the 5th grade to 7th grade camp.

Summer Sports camps and the Wee Ones Sports Camps were enjoyed by a handful of community members. Our older day-camp members are required to participate in the sports camp programs for a 5 week period. They have a variety of sports to choose from but all include some form of movement. "Keep Moving" is our motto in the Rec Department.

Let's Dance with the Stars is in its 3rd season for City Hall Dance Studio. Past Treasurer, Mike Ralston was brave enough to take on the judges and a very subject crowd of over 1000 strong as a dancing contestant this year. Mike partnered with Lori Hegarty and paid tribute to the Veterans with a choreographed dance routine to Lee Greenwood's, God Bless the USA.

Seniors enjoy Pickle ball and Line Dancing weekly throughout the year. Pickle Ball is a favorite sport amongst Seniors and they come from neighboring communities to play at Carpentier Park in Sanford during the good weather and inside the Nasson Community Center year round.

Sanford Parks and Recreation worked alongside Sara Roberts from Goodall Hospital to coordinate an event around the "Great Maine Outdoor Weekend". The pouring rain kept the majority home but a few braved the weather to snowshoe in sloppy conditions at Gowen Park.

Sanford Parks and Recreation continues collaboration work with the following community organizations: Safe and Healthy Coalition who continue to encourage Sunscreen use thru their grant programs. The more we educate our youth about skin cancer risk, the greater chance there is that campers, staff, and community members in general will use sunscreen more frequently than prior generations. We continue working alongside Paul Nolette and AOB (Academy of Basketball) with Travel Team play. MYAN (Maine Youth Action Network) along with Strategies for Stronger Sanford continue using Carpentier Park throughout the summer months for community programs. SOOSTA (Sanford Out of School Time Alliance) and the Sanford Coalition continue to stick together with a few winter meetings encouraging an active community.

Sanford Parks and Recreation continue to be a part of St Thomas's Enrichment day promoting recreation related activities.

The Shawnee Peak 5-week Sunday ski program was well attended and we were pleasantly surprised at the small crowds on the Sunday slopes. It seems as though the MA people ski on Saturday's then head home. Lines were minimal and conditions were great.

The Sunday River 3 tripper program (varied dates) is an option available for those looking for a bigger ski adventure on a little more mountain.

Our week-long day camps over school vacations include activities such as a photography contest that coincided with a national contest for youth photographers; a trip to Steve's farm again for some Horse Fun; Granite State Zoo showed up with some exotic animals and the kids got to touch a snake that must have weighed 200 lbs and were able to pet a kangaroo. Winterfest activities were well attended and fun was had by all.

The various facilities in our City are set in beautiful surroundings for folks to host all kinds of events. Gowen Park Drive Pavilion with the beautiful oak tree in the background has become a popular place to hold wedding services and vow renewals, with many couples choosing to recite their vows beneath the tree itself. And all of us are familiar with driving by the Gazebo on Main Street and viewing wedding parties and guests gathered in front of the structure, with seasonal flowers complementing the beautiful colors of the wedding party. We host an average of 20 weddings and vow renewals yearly at these facilities and the number of couples choosing these beautiful sites grows yearly.

Holdsworth Park in Springvale (fondly known as "The Rec") is the perfect spot for family & class reunions, birthday parties both small and large, company picnics, baby showers, graduation parties, and also a variety of Faith Services.

All of the above locations host patriotic gatherings and celebrations. Classes in our schools hold picnics and field days, day care providers bring their little charges for annual picnics, Amtgard continues to hold regular events at Gowen Park Drive Pavilion. "Walk for Life" and "Suicide Prevention" walks are held annually.

At Central Park across from City Hall, our Farmers' Market is held every Saturday. Central park also hosts part of the Summah Daze, Harvest Daze, and Holly Daze Activities, plus National Night Out, sponsored by our Police Department, is held every August, supplying the neighborhood with both fun activities and important safety information for our children.

Our own Goodall Park hosts the Sanford Mainers for summer collegiate baseball, providing family fun for all at affordable prices and our Fire Department hosts its annual Sanford Firefighters Benefit Softball game to raise funds for Muscular Dystrophy and provide family entertainment every August.

Sanford Police Department

City of Sanford, Maine
935 Main Street
Sanford, Maine 04073
(207) 324-9170 Fax (207) 324-9199

Thomas P. Connolly, Jr.
Chief of Police
(207) 324-9170 Ext. 200

Timothy E. Strout
Deputy Chief of Police
(207) 324-9170, Ext. 202

Virginia L. Maggio
Office Manager
(207) 324-9170, Ext. 200

During Fiscal Year 2011 through 2012, the Sanford Police Department has worked hard to provide the best possible police service to the residents of the City of Sanford, responding to 38,000 calls for service, making 1,100 arrests, and issuing approximately 600 motor vehicle citations.

The following is a synopsis of events that occurred during the fiscal year:

- Deputy Chief Craig Sanford was selected as the Chief of Police for Kennebunkport, Maine
- Sergeant Timothy Strout was promoted to the position of Deputy Chief
- Corporal Jason Champlin and Corporal Matthew Jones were promoted to the rank of Sergeant
- Officer Mark Dyer and Officer Matthew Gagne were promoted to the rank of Corporal
- Retired Corporal Arthur Allaire, a 34+ year veteran of the agency, died after a protracted illness
- The department upgraded its in-car-camera system to the WatchGuard digital, wireless format, which automatically uploads recorded video to a server
- I was privileged to receive a "Kudos" Community Service Award from Counseling Services, Inc., (CSI)
- The department was the recipient of a drug disposal drop-box donated by the Partners for a Healthier Community at Goodall Hospital
- We hosted our fourth National Night Out event in Central Park
- We continue toward our goal of sending all Sanford Police Officers to the 40- hour Crisis Intervention Training course. This goal should be met by early 2014. To the best of my knowledge, Sanford will be the only large jurisdiction with 100% of its sworn members trained in CIT
- We have improved and expanded our social media outreach through Face Book

As always, I am extremely proud of the men and women who compose the Sanford Police Department. It is an honor to lead these officers and civilian employees who do their best each and every day to protect and serve the citizens of Sanford and Springvale. Thank you for the opportunity to be your Chief of Police.

Thomas P. Connolly, Jr.

Fire Department Annual Report for 2011/12

The Fire Department answered 3667 calls for service this year; with the largest percentage being medically related calls.

With the Town of Sanford's support over the past few years, the Fire Department has improved Sanford's Insurance Services Office (ISO) rating from a Class 4 to a Class 3. This is on a scale of 1-10, with 1 being the best. According to their reports, of the 655 ISO departments in the State of Maine there are only seven Class 3 departments and only two departments that have attained a Class 2 rating. The ISO rating factors into the rates for residential and commercial fire insurance. The credit for the improved rating is shared between the Fire Department, the Water Department, and Sanford's Regional Communications Center (Dispatch).

With the approval of the capital plan, the Fire Department has ordered a new engine to replace a 25 year old engine and a new vehicle to replace a 32 year old forestry unit. These vehicles should arrive in the fall of 2013.

The Fire Department was also able to replace Ladder 2 which was classified as not repairable and was sold in 2012. The Department located a 1988 E-One aerial ladder in Tarrytown NY in good condition to serve as the replacement and the workforce is finishing up training on this vehicle now. As a reserve unit it should serve the Sanford community well for several years.

The Fire Department continues to use Roosevelt School as its training facility and is appreciative of the arrangement with the School Department for its use. Many different agencies use the facility for training including the Sanford Fire Department, Highway Department, York County EMA, York County Chiefs Association, The York County Sheriffs, Homeland Security, the Maine Forest Service, and FEMA to name a few.

Please remember that a permit is required to burn wood out of doors. Fire permits are free and can be obtained at any of the (3) fire stations in the City.

If you have questions about our operation or would like to stop by and visit a station, please feel free to do so. Information can be obtained by calling 324-9169 (Central), 234-2883 (South Sanford), or 324-9165 (Springvale). The Fire Marshal can be reached at 324-5293 (City Hall).

In closing I would like to thank the community for their support and if there is anything that I can help you with, please do not hesitate to contact me.

Sincerely,
Jeff Rowe
Fire Chief

PUBLIC WORKS DEPARTMENT
Departments of Highways, Environmental Services and Engineering

TOWN REPORT INFORMATION

JULY 1, 2011 thru JUNE 30, 2012

I am pleased to submit this brief report of our activities for the past year. I wish to complement our staff for their continued commitment to the Town in the face of serious budget cuts that affected everyone.

The Department began the year with a reduction of six staff positions, a loss caused by the Town's fiscal condition. In response to the budget for the New Year the town increased the miles of winter maintenance performed on town roads by reducing the scope of contracts with two local contractors. The mantra of "doing more with less" became a serious challenge for all of our employees. Our Transfer Station accommodates many people over the year. The total of trash taken out of our transfer station was 5,292.94 tons and the amount of materials recycled was 1535.12 tons. Trash, recycling and bulky waste together was 8302.74 tons and we recycled 603.9 tons of leaves. There was 74,135 lbs. of televisions/computers removed from our transfer station and over 12,000 feet of fluorescent bulbs. During this period a new compactor trailer was purchased for the transfer station and we continued with electrical upgrades. The compactor which was over twenty years old was replaced with a newer more efficient one.

The Department oversaw the CGA project on New Dam Road with removal and disposal of the underground storage tanks, demolition of the mobile home and securing of the building. The Town is still seeking a contractor to cleanup and recycle the circuit board wastes.

Our employees are on call 24 hours a day, 365 days per year and they are at their best when nature's conditions are at the worst. Their efforts are vital to the public health, safety and welfare and I am proud of their continued commitment and dedication.

In recent years the fiscal stress on the Town has led to lower spending on the maintenance of streets, sidewalks, and drains; a reduction in staff; and holding onto equipment beyond its normal life span. The Department does strive to maintain the level of service that the public expects however, it is likely that changes will have to be made in the delivery of services. The Department responds to all of the demands for routinely maintaining and reconstructing the Town's streets and highways, including winter and summer maintenance; storm water management system; solid waste handling and disposal, including rubbish and recycling; operation of the Transfer Station which accepts rubbish, recyclables, construction and demolition debris, brush, lawn and yard waste, bulky waste items, tires, metals, appliances, electronic and universal waste, including fluorescent bulbs, cathode ray tubes, and electronic waste. In addition we respond to all that nature throws our way.

PUBLIC WORKS DEPARTMENT
Departments of Highways, Environmental Services and Engineering

TOWN REPORT INFORMATION

JULY 1, 2011 thru JUNE 30, 2012

During this past year, we were able to enhance ditches, in some cases replace or repair drainage ditches and overlay with pavement the following roads: Fall Road, Lizotte Road, Brock Avenue, Ledgewood Street, Ledgewood Avenue, Madison Street, Central Avenue, Welch's Lane, Jesse Circle and Dubois Drive. In addition to the ongoing winter and summer maintenance of streets and drains; the Department completed the second half of reconstruction on Deering Neighborhood Road. Country Club Rd#1 was reclaimed, ditches were enhanced and the road was paved. With a combination of funds from the State of Maine and the Town construction of Oak Street was undertaken. This was a major project with a number of trees being cut and overgrown brush being cut back, installation of new drainage, some new sidewalks, ditch work and new pavement.

Storm water management and quality are becoming a matter of concern for the Town. We continue to work with the MDEP and interested parties to develop a plan and projects to minimize storm water impacts on the Town's surface water. In the coming few years it is likely that resources will be need to be allocated to comply with Federal and State regulations that will impact Sanford.

Our staff also designs, reviews and/or inspects the many public works construction projects performed each year. The Engineering staff review all development proposals submitted to the Planning Board for approval, and monitors their construction after they are approved. Designing projects in house results in a significant cost savings when compared to the cost of retaining consultants to perform this work.

We were fortunate to receive funds to purchase a new 10 wheeler and a new 4x4 pick up truck. Also I want to thank our mechanics for the maintenance of all of the Department's rolling stock and equipment, along with Fire, Parks and Airport Departments' vehicles. Public Works alone has fleet and equipment with replacement costs that exceeds \$6,000,000.

On behalf of the Department I would like to thank the community for its support of our activities. Our goal is to provide quality service with the resources that you provide us. We look forward to another challenging and successful year.

Respectfully Submitted on Behalf of the Public Works Department,

Charles J. Andreson, P.E., AICP
Director of Public Works / Town Engineer

City of Sanford

General Assistance Office

919 MAIN STREET, SANFORD, MAINE 04073
(207) 324-9110 FAX (207) 324-9124

Randy White
Director

General Assistance is a state mandated, municipally administered financial assistance program. It is designed to be a program of “last resort” for members of the community who are unable to provide their basic needs. Basic needs are housing, electricity, heat, food, non-food items (hygiene, cleaning), prescriptions and other basic living expenses as determined essential by the General Assistance director.

An eligible applicant must use his/her own available funds before any assistance will be granted through the General Assistance program. The applicant will also be required to apply for all other appropriate programs and engage in a verifiable work search before being eligible for any future assistance. General Assistance is only granted for a single thirty day period. Future assistance requires a new application.

General Assistance was granted to less than three percent of the Sanford-Springvale population in 2011/2012. This includes adults and children. The average amount of assistance granted per person is less than \$400.00 for the entire year.

Other duties of the office include managing the Imelda Fund (a donation-based local heating assistance program), delivering holiday food to families in need in conjunction with the Sanford Food Pantry, and referring people to appropriate agencies for other assistance.

The General Assistance Office holds Open Office/Walk-In hours every Monday from 9:00 AM to 12:00 Noon (Tuesdays following a Monday holiday). Appointments are scheduled on Tuesdays, Wednesdays and Thursdays. It should be noted that all applications are by appointment only.

The General Assistance phone line (324-9110) is available twenty-four hours a day, seven days a week. The line always goes to voice mail and staff will return all calls during normal business hours, Monday through Friday, 8:00 AM to 5:00 PM.

Please note that the General Assistance Office does not *provide* housing. The office can simply assist in paying for existing housing or available housing (located by the applicant) based on financial eligibility.

**OFFICE OF THE TREASURER AND TOWN CLERK
Tax Collection/Voter Registration**

Paula Simpson – Town Treasurer/Tax Collector

Susan Cote – Town Clerk/Voter Registrar

In December 2011, the Offices of the Town Treasurer, Town Clerk/Tax Collector and Voter Registrar combined and moved into our new location on the ground floor of the Town Hall Annex. The newly renovated space is a remarkable improvement over the former location with a spacious lobby and customer seating at the clerk stations. It is now the primary revenue collection office for the Town.

The Office is responsible for Real Estate/Personal Property Tax Collection, Vehicle Registrations, Dog Licenses, Recreational Licenses and Recreational Vehicle Registrations Vital Records/Licenses and Voter Registration. The Treasury is responsible for the collection of Town/School revenue, the management of cash flow and investments, the reconciliation of bank accounts and trust accounts, the administration of state/federal grants, tax increment financing administration and debt service.

REPORTS FROM THE MUNICIPAL CLERK & REGISTRAR OF VOTERS

The Municipal Clerk records certificates for life events from beginning to end. This includes events that take place in Sanford/Springvale for residents and non residents as well. So if you live in Sanford, Lebanon or Alfred and have a baby in Sanford, we have a record of it. In addition, events for Sanford/Springvale residents that may occur in a different Maine Municipality are recorded in the Sanford Clerk's office. This means if you live in Sanford and have a baby in Lewiston or get married in Fort Kent, we will have a record of it. Death records are now done electronically by the funeral directors making arrangements for the family. The rule for recording death records is "if it happened here, it's recorded here." If someone is a resident and passes on outside of Sanford, but in Maine, we will be able to access the record and issue a copy as long as the information is reported correctly to the funeral director entering information. Other reports listed in this section are Town Meeting attendance, Voter Registration and Election statistics for this fiscal period. May 2012 was the last Town Meeting held under the current Charter. In November, voters adopted a new Charter which changes the budget approval process to a referendum vote by voters in June. Stay tuned to the next report for those statistics! In 2012 we consolidated some polling places to work towards slimming down to three locations town wide. More consolidation may take place after the State completes their Legislative District review.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Town of Sanford Report
2011-12

To the residents of the Town of Sanford and Village of Springvale:

I am pleased to submit the Annual Report of the Superintendent of Schools for the 2011-2012 academic school year. I have to admit, my first year as Superintendent was a very exciting and busy one. Your Sanford schools are “on the move” making strides in how we deliver education to ensure our students are prepared for the demands of the 21st century. Our dedicated staff members are working hard to guarantee we offer our students the best educational opportunities possible.

Many of you have heard and perhaps participated in the development of Sanford’s Vision for Education. Our Vision focuses on the changing educational needs of our society in the 21st century and how we must restructure the way we teach our students. We are working to make our schools more student centered, allowing for a more customized approach based on the strengths and needs of each student. Essential to this approach is each student being accountable and responsible by showing proficiency in their learning. We are addressing the different ways that individual students learn by providing different opportunities for them to show their understanding and mastery of the learning.

At Sanford High School we began an exciting program called Extended Learning Opportunities (ELO’s) where students earn high school credit by working outside of school with community partners. Several of our students took advantage of this program and have earned credits in core subject areas and electives. Under the leadership of ELO Coordinator Pam Cote, our students have partnered with various community businesses and organizations such as the Sanford News, YMCA, Journal Tribune, Sanford PD, Goodall Hospital, Caron Engineering, Ridge Animal Hospital and others.

The State of Maine Department of Education (DOE) approved funding for construction projects for Sanford High School and Regional Technical Center as well as a K-6 school to replace Emerson School, Lafayette School and Willard School. The State will provide the majority of funding to either replace or renovate each of these facilities. The Town Council appointed a nine member Building Committee to oversee the first phase of the high school and technical school project which involved selecting an architect to oversee the project. The Building Committee selected Lavalley-Brensinger Architects (LBA) from Manchester, NH. LBA has extensive experience in designing and managing the construction of several high school-technical centers throughout New England. During the 2012-13 school year, we will begin the process of assessing the current high school site for possible expansion and renovation, as well as identifying and assessing alternative sites for new construction.

This past year saw several major capital improvement projects completed at your schools. Under the direction of Facilities Manager Ty Pombriant, we installed new boilers in Willard School and Memorial Gym. In addition, a back-up generator was installed at Memorial Gym as the gym serves as a Red Cross emergency evacuation site. Old asbestos floor tiles were replaced throughout Sanford High School and several schools had new exterior and interior doors installed. A sprinkler system was installed at Lafayette School to ensure compliance with fire safety requirements. We also completed the installation of security cameras and electronic locks at our elementary and junior high schools that require visitors to be “buzzed in.” This added security measure helps ensure that our schools are safe places for our students and staff.

Special grant funding allowed the creation of a new television studio and local cable access stations on channels 25 and 26. The new stations fall under the newly designated WSSR-TV. Through a strong collaboration with the town, community members can now view school and town meetings, special programming and public service announcements. In the future we hope to provide live coverage of various events around town including games at Cobb Stadium and Goodall Park. The station also has a website - <http://wssrtv.com> where past programs, student projects and other local programming can be accessed.

Sanford Regional Technical Center students have been involved with various “live work” programs in the area. With the help of special projects coordinator Joe Doiron, our students built and wired a house for the York County Shelter Program and planted trees along Main Street. If you have a project where our students could collaborate with your organization, please contact the Technical Center at 324-2942... maybe we can help!

Long time Sanford Junior High School Principal Becky Brink announced her retirement at the end of the school year. Becky’s commitment to meeting the needs of the youth of Sanford has made a huge difference for thousands of students. Andrew Patin, Sanford Junior High School Assistant Principal, was named SJHS Principal in June 2012. Sanford science teacher Pamela Lydon was appointed as the new Assistant Principal. The School Committee also appointed SRTC guidance counselor Kathy Sargent as the new Assistant Director at SRTC for the 2012-13 school year.

The Sanford School Committee welcomed new School Committee Member Adam Cote who filled the vacant seat left by Dr. Mark Lucier. Kendra Williams was also re-elected for a second term. In December of 2011, the School Committee voted to include a student representative on the Committee. Sanford High School junior Colleen Ege was appointed for the one year term and offered valuable insight to the School Committee.

Last year I described a new program at Willard School (grades 4-6) that gained state-wide recognition. Our innovative single gender classroom program proved to be a popular option for the fifth and sixth graders at Willard School. The program was highly successful in meeting the unique learning styles of some of our students. Unfortunately this past year the American Civil Liberties Union (ACLU) targeted the program as discriminatory and threatened to sue our school district if we continued the program. We disagree with the ACLU and we are currently studying ways to bring the program back in the future.

We are now the “Spartans!” The school committee in June 2012 voted to replace the former “Redskins” school mascot after receiving several complaints from the Native American community and local citizens. Our students were also very vocal about the need for a mascot that could be proudly displayed throughout the community. Students in grades 7-12 worked closely with Athletic Director Gordie Salls in the selection of a new mascot to symbolize the strength and character of Sanford.

On behalf of all the Sanford School Department employees and the Sanford School Committee, I thank the citizens of our community for their continued support of our schools and educational programs.

For more information about your schools, visit our website at www.sanford.org

Respectfully submitted,

David Theoharides
Superintendent of Schools

Sanford Community Adult Education 2011- 2012

2011-12 was a year of transition for Sanford Community Adult Education (SCAE). Allen Lampert was named the new Director at SCAE in July 2011. Allen came to SCAE from Portland Adult Education after a 16 year career working in vocational education.

Approximately 2,000 adults in the greater Sanford-Springvale community took more than 220 classes through SCAE in the 2011-12 year. As a result of their participation, the following certificates and diplomas were awarded: 31 high school diplomas & GED's, 3 ROAD college transition certificates, 2 Families READ Literacy Program certificates, 16 CNA certificates, and 27 other various employment skills certificates the following categories: General, Clerical, Administrative Assistant, and Medical Secretary.

In September 2012, SCAE expanded into additional space at the Anderson Learning Center. The third floor was designated as the Employment Skills Center (job training programs) and our GED/CASAS testing center. Two first floor classrooms were also added to provide enrichment morning, day, evening, and even weekend classes in subject areas like yoga and Tai Chi. SCAE also continued to host and partner with University and Senior College students who took both ITV and in-person classes at the Anderson Learning Center.

SCAE's enrichment program continued to thrive. Over 850 learners throughout the greater Sanford-Springvale communities participated in classes. We also continued to work with SRTC to offer vocational programs in Welding, Woodworking, and Certified Nursing Assistant. SCAE also began to lay the groundwork (in partnership with Waban) to provide "blended online" certification for Direct Support Professionals starting in 2012.

In recognition of SCAE's continued success, grants were renewed with our College Transitions Program "ROAD" (Removing Obstacles Achieving Dreams-enrollment of 90 students for the year) and our Families "READ" Program (The Barbara Bush Foundation) which is recognized as a Lighthouse Grant state recipient.

Finally, SCAE began the groundwork to create a new summer music program for junior and high school students called Garage Band Rock Camp to begin the summer of 2012. Big things are expected from this new enterprise of local professional musicians sharing their knowledge and enthusiasm of music with local kids.

SCAE continues to offer high-quality programming, using a high-quality staff. Please visit www.sanfordlearns.org for more information or call us at 490-5145.

Respectfully submitted,
Allen Lampert, Director

Special Education Department 2011-2012

The division of Special Education is responsible for the identification, programming, and transitioning of students with special education needs according to the provisions of Federal and State law. Special Education is defined as specially designed instruction, at no cost to the parent, to meet the unique needs of a child with a disability.

During the 2011-2012 school year, 647 students were served through the special education program within the Sanford School Department. Included in this number are 35 students who entered kindergarten already identified for Special Education.

As state spending on education decreases, placing pressure on local revenue streams to make up the difference, we continue to analyze our Special Education system in a holistic manner and make needed changes which are cost-effective, while meeting the needs of the students. An example of this thinking is the proposed development of The B.R.I.D.G.E. Program; an off-site Special Education program designed to meet the needs of students with emotional and behavioral difficulties.

By law, each school district must provide an education to students with disabilities. If the students' needs are so significant they cannot be met within the Sanford School Department, costly out-of-district placements must be accessed for the educational benefit of these students. On average, the yearly cost per student ranges between \$50,000-\$89,000, plus transportation costs. In 2011-2012, we had 25 students who required an out-of-district placement. The B.R.I.D.G.E. Program is currently serving approximately 19 students that otherwise would have required such a placement.

The B.R.I.D.G.E. (Building Resiliency, Integrity, Determination and Growth through Education) Program is a multi-disciplinary, collaborative program that emphasizes input from students, as well as, parents and teachers. Identifying variables obstructing success, developing and implementing a personalized learning plan that targets areas of need and co-constructing personalized, specific long term educational goals, are primary objectives of the B.R.I.D.G.E. Program. In addition to receiving instruction in accordance with local, state & federal guidelines as stipulated in IDEA, each student will participate in Affective Education and counseling to assist them in meeting their social and emotional needs. Examples of instruction include, but are not limited to: anger management, substance use education, conflict resolution, career education, service learning and adventure-based counseling.

The B.R.I.D.G.E. Program is one example of how an effective collaboration between school, home, and the community is working to meet the academic and social needs of our students by providing quality programming in a fiscally-responsible manner.

Respectfully Submitted,
Stacey L. Bissell & Marti Hess-Pomber, Co-Directors

Maintenance Department 2011 - 2012

As a Department, custodians and maintenance personnel provide clean and safe educational spaces for nearly 4,000 students and staff.

The Custodial/Maintenance Department maintains nine (9) educational buildings totaling over 484,000 square feet. This department is also responsible for the maintenance of eighty-five (85) acres of lawn, playground, sports facilities and storage buildings. The maintenance of these facilities is accomplished with twenty-eight (28) full time custodians, one (1) director, three (3) maintenance/groundskeeper and one (1) full time secretary.

In addition to regular maintenance, the following projects were accomplished:
Lafayette School – Fire Barrier walls were installed around two (2) stairwells.

Emerson School – Remodeled the basement for an additional classroom and a storage closet for children in need.

Carl J. Lamb School – Re-pointed the brick on some outside sections of the building; Re-moved carpet from three (3) classrooms and replaced with VCT Tiles.

Margaret Chase Smith School – Added additional parking in the rear of the building; painted eight (8) light poles and window lentils.

Sanford High School/Sanford Technical School – As part of a three (3) year plan we replaced nine (9) sets of fire barrier doors; turned classroom 15 into an art room and added sink and cabinets; completed 41,000 square feet of abatement to hallway floors and replaced with new VCT tile; completed 14,000 square feet of re-pointing; built a room for WSSR TV.

Junior High School – Installed six (6) sets of fire barrier doors; replaced fourteen (14) windows around the rear of the building by the café and library; abatement of classrooms and replaced with VCT tiles; replaced five (5) 3-phase circulator pumps for heating system and new expansion tank for boilers.

Memorial Gym – A \$650,000 Bond allowed the school to add a dedicated electrical system for Memorial Gym, a fuel tank, a generator and add two (2) new boilers converting from steam heat to hot water. This work allowed the School to fully separate the Memorial Gym from Willard School while bringing significant heating and electric upgrades to both buildings.

Willard – Replaced one (1) boiler as part of the above bond; Replaced last fifteen (15') feet of chimney with new liner; Re-moved two-hundred (200) gallon steam hot water tank and added two (2) forty (40) gallon electric hot water tanks for energy efficiency.

First Steps Child Care – Extended ramp to be capable of holding a 3-child stroller.

Respectfully submitted

Ty Pombriant, Director of Facilities and Maintenance

Carl J Lamb School 2011-2012

Carl J Lamb School, had an enrollment of 553 students in grades K-6 during the 2011-2012 school year. The educational staff consists of 26 classroom teachers plus several support staff. Consistent school policies and procedures for students at CJL allow staff to spend quality time teaching academics. The Everyday Math Program, the Daily 5 Reading Management System, grade specific science and social studies resources, writing portfolios, the sixth grade Springboard Literacy Program and the Compass Learning Computer Program have strengthened the K-6 curriculum. Carl J Lamb School is working towards Student Centered Standards Based Learning for all K-6 learners as defined by Sanford's Vision.

Our PTG organizes regular family events to encourage parents and children to learn and have fun together. Fitness Night, Movie Night, Ice Cream Social Night and Friday night Activities for students in grades 4-6 were all a huge success. Fundraising provides cultural activities for our students: Portland Symphony Kinder Concerts for K-3 children, trips to the PSO and the Art Museum for fourth graders, African Drummers for all to enjoy and Chewonki Science School for all K-6 students.

Connecting our children to the community supports relevant real life learning. Recycling our paper/cardboard, creating community gardens, studying red worms, planning and producing community awareness videos, local field trips to learn about animal care, hospital operations, fire safety, and Sanford/Springvale history to name a few, support the goals of our Vision. Our Spring Title 1 Family Reading Night at MacDonald's was a new business/school connection; the executive and local managers read their favorite books, teachers distributed reading packets and Happy Meals were enjoyed by children.

Maple Syrup Saturday was a Springvale/Sanford Community Service Learning event at Carl J Lamb School. Planning started in the fall for the March celebration. School staff planned integrated curriculum during which students identified and marked different maple trees, and helped hang sap buckets in several locations throughout the Springvale area. School personnel and local maple syrup producers collaborated to inform students, help them collect and boil the sap, as well as bottle the maple syrup for distribution. Hundreds of visitors attended Maple Syrup Saturday, watched sap boil to syrup, enjoyed eating the maple syrup products, discussed the process with staff and students and left with a sample of CJL Maple Syrup to enjoy at home!

The Carl J Lamb School Staff provides a safe, caring environment where our students can make steady academic growth. We wish to thank the residents of Sanford/Springvale for their ongoing involvement and support of our school and the Sanford School Department.

Respectfully submitted,
Deborah Gaudreau, Principal

Emerson School 2011 - 2012

The 2011-12 School Year began in an exciting and new way for Emerson students. Ruth's Reusables in South Portland donated and delivered backpacks and school supplies for every child in the school. Students, parents, and staff were very appreciative of their gesture.

The teachers were also energized and excited to begin working on the five district goals to move our school in the direction of the Sanford Vision. All of the teachers attended summer professional development on student centered standards based learning. For the first time, all 9 teachers were able to meet on Mondays to collaborate on different topics to move us forward. Flexible groups of students across the grade levels (1 - 3) met together to discuss Standard Operating Procedures (SOP's), and make illustrative posters for the whole school. All students were leveled in literacy and a dedicated 60 minutes of literacy instruction allowed all students to be grouped at their literacy level vs. their grade level. Math instruction focused on the math standards and student mastery of each standard at each grade level.

We are mindful of the requirements of the Maine Learning Results and the NECAP grade level expectations as our primary educational objectives, but began to review the Common Core Standards to prepare for the changes to standards requirements. Our third graders took the NECAP and staff analyzed the results to improve teaching. All students took the NWEAs to see if they had met their own personal growth goals. The teachers used the information to identify specific areas of weakness and strength in each student. Weak areas were addressed to improve skills; strong areas are supplemented for further growth.

Emerson began a free after school program called Shooting Stars. One day a week, students could sign up and stay after school for activities such as art classes, games, building with Legos, gardening, etc. The program was run and supervised by staff member Lisa Arsenault and funded by the Coalition for a Stronger Sanford.

The second grade classes worked on a service learning project with Jed Bloom. The teachers had received a small grant to bring their classes to Laudholm Farm in Wells for science instruction. They chose to plant a butterfly garden on school grounds. The whole school also began a project to recycle or compost all lunch waste, from food to plastic and paper. The Tibbetts Farm in Lyman contracted with the school to pick up all food waste for their composting facility and students, with the help of custodian Rollie Vermette, tackled the job of separating recyclable materials from actual trash.

Thanks to our PTG, all 140 students had access to many activity nights for families. The PTG helped school spirit by purchasing Emerson logo t-shirts for all students and staff. With the group's help, students attended a play at the Merrill Auditorium in Portland. The staff at Emerson School thanks our PTG for its help throughout the school year.

Respectfully submitted,
Eleanor Merrick, Principal

Margaret Chase Smith School 2011 - 2012

Margaret Chase Smith School had a population of about 381 students in grades Kindergarten through third grade for this school year. The educational staff continued to consist of: nineteen K-3 teachers; a special education program for grades one and two; and a support staff of eighteen. Other academic services include: Art, Music, Physical Education, Health, Science, Title 1 Reading (for grades K -3), Speech, Special Ed. Services, Occupational and Physical Therapy.

There were two after school programs that served students from Emerson as well as MCS for extra support. Those were the Title 1 math program for grades 1 to 3, which met Monday and Thursday afternoons; and the Kids' Club Program. Kids Club is a four day a week program that goes from 3:15 to 5 PM for students in grades 2 and 3 needing extra academic support.

Several of our staff attended district trainings during the summer of '10 and '11 that focused on student centered performance based learning. Habits of Mind are also part of the standards that are expected to be covered. This area includes the Core Values that were identified by our schools, our students, and our community in 2002, including: respect, responsibility, honesty, courage and compassion. At MCS we have posters throughout our building that remind students of what "it looks like" to be safe, responsible and respectful, whether they are in their classroom, the cafeteria, or hallways, the bathroom, or on the bus.

As part of our educational program each year, students get to do some "hands'-on" projects or have special visitors to their classrooms. Some of the projects that students participated in this year were: the building of bird houses with the vocational students as part of a math measurement unit; the construction of dioramas for biography day; the use of wood products to create sculptures for art; working with Jed Bloom to do a Service Learning project in Kindergarten and grade 3; and the use of a computer program called Compass Learning that allows students to move along at their own pace in different academic areas.

Visitors and field trips to support learning included: the Reptile Guy; our annual Health Fair with several different community presenters including the Y, the Fire Dept., York County Children Free to Grow Organization, a fitness center, school staff with specialty areas, (computer safety and friendship), and a chiropractor. The HS Chorus visited us at Christmas time; and the Nasson Alumni Group treated us to a play by the Monmouth Theater. There were visits to the Gray Animal Wildlife Park; the Portsmouth Children's Museum; Goodall Hospital; the Fire Dept.; the Margaret Chase Smith Museum; and the Sanford/Springvale Historical Society.

Our PTG continues to be very active and this year sponsored its first annual 5K Walk/Run in May. We appreciate the support of our parents, as well as, our community in helping to make our students' educational experiences the best they can be!

Respectfully submitted,
Sharon Remick, Principal

Willard School 2011 - 2012

Starting in the 2011-2012 academic year, Willard School staff has been working to reach the goals set by Sanford's Educational Vision. Willard School is also in its second year of a three year plan to make continuous improvement in the area of math and achieve Adequate Yearly Progress on Maine's state test, the NECAP.

To reach our Continuous Improvement Plan (CIPS) goals in the area of math, Willard staff was involved in a yearlong professional development plan to learn strategies for formative assessments. The objective is to have clear learning targets, break them down into student friendly language, and eventually teach students to assess and monitor their own growth. The use of formative assessments also aligns with Sanford's Vision for a Student Centered Performance Based Learning System. Willard staff analysed the results from the NECAP tests to determine why student performance on certain test subcategories have been lower than the state average and discussed how to address and strengthen these learning areas, including a plan to maximize instructional practices for students who have been identified as needing specialized instruction in math. Willard School has held several Family Math/Literacy Nights to share strategies and fun activities that can be used at home to support math and literacy skills. At our Math Fair community members share their career experiences with math to further encourage student learning. Summer math support packets were developed and sent home with all students, including games, released items and other materials to limit academic loss while school is not in session.

Sanford Vision's Classroom Design and Delivery (CCD) training helped teachers set up a classroom environment where students can be more in charge of their own learning. The next phase is for staff to be trained in Instructional Design and Delivery (IDD). Staff is learning to navigate the Educate website (www.educatek12.com) as they focus on Maine's Learning Targets. The site contains many of the approved student learning targets and students will also be able to login and monitor their own progress and learn what targets remain to become proficient in a subject matter.

Administrators have been monitoring student attendance data, discipline data, and academic grades. When a student experiences difficulty in these areas a referral goes through Willard School's Student Assistance Team (S.A.T).

To support Sanford's Educational Vision in the area of emotional and social growth Willard School regularly recognizes students who have demonstrated our School District's "Core Values" through a school wide program called "Good to the Core."

We appreciate the continued support from our Parent/Teacher Group. Our Kids' Club and the Gifted and Talented program continue to enrich our students learning experiences.

We believe the changes and opportunities that occurred this school year and that will continue into the future will make a difference in our students' lives.

Respectfully submitted,
Chuck Potter, Principal

Lafayette School 2011 - 2012

Lafayette School consists of two first grade classrooms, two second grade classrooms and one third grade classroom. The enrollment fluctuated a little but remained at 97 students most of the year.

We continue to work towards the Sanford Vision in many ways. Service Learning projects generated a lot of hands on learning experiences for the children and helped the community in many ways. A whole school service learning project created a gazebo which was built by the students and parents during the summer. Jed Bloom and Jeff Hanselmann were instrumental in helping to fund and build the structure.

Even in these tough economic times, Lafayette continue to find ways to enrich the learning experiences for our children in creative ways. We have low cost behavior blasts which reinforce our Core Values. The children receive paper hands when they are displaying core values and receive medals at the end of each semester with the Behavior blasts for reinforcement. We also have Terrific Kid ceremonies for individual performance in the school. Teachers use Donors Choose and Ruth's to get items they need in their classrooms. The teachers gave some of their budget to the book room so the children would have a vast variety of books. We purchased computer programs that are beneficial to meeting education standards and help with providing a diversity of content to the children.

Our Parent Teacher Organization provides support for the cost of extra curricular activities and needs for the school. We continue to draw from a Schools That Shine grant and volunteer funding to maintain our We're Open Wednesdays (WOW) after school activities program.

For grades one, two and three we administer the NWEA test series which enables us to identify each student's specific areas of strengths and weaknesses in reading and math. Strong areas are supplemented for further growth while weaker areas can be addressed to improve skills in identified areas. Teachers have been administering and scoring assessments in the other content areas, creating an even greater consistency across grade levels that we have had in past years.

The Fire Chief awarded Lafayette School the most improved school in recognizing the need to follow fire codes and making it a much safer building. The new sprinkler system and protective walls for the stairway was installed over the summer.

Thank you for your support of Lafayette School.

Respectfully submitted,
Patricia Leet, Principal/Guidance Counselor

Sanford Junior High School 2011-2012

In 2011/12, Sanford Junior High enrolled 450 students. The staff consisted of 22 Content area teachers; 9 Health, PE, and Visual and Performing Arts Teachers; and 7 Special Education Teachers.

Sanford Junior High prides itself in getting to know all students and meeting their needs academically, socially, and emotionally. Students are grouped by teams of teachers who provide instruction in Math, Language Arts, Science, and Social Studies. Students have access to a variety of Arts programs including STEM, Art, Music, Band, Chorus, Health and PE. SJHS also has a robust athletic program offering fall, winter, and spring sports all with high participation.

Students are recognized regularly for representing our Core Values of respect, courage, responsibility, honesty, and compassion through “Students of the Quarter”, “Respect Cards”, and “All One’s Passes”. Students regularly contribute to the community through Hoops for Hearts and service learning projects.

The 2012/13 school year has brought change to Sanford Junior High. In August, the long time and dedicated principal, Becky Brink, retired, paving the way for new leadership. Principal Drew Patin and Assistant Principal Pam Lydon set out to further capitalize on the positive changes that Brink had created as principal.

2013/14 will bring the addition of 150 6th grade students from Willard school along with 10 staff members, creating a true middle school. Our focus for next year will be to create highly functioning teams of teachers that deliver instruction across the content areas. Teams will create highly engaging units that spark student interest, inquisition, and motivation. Teachers will continue to work on students discovering their talents and abilities as well as working on areas that need improvement.

SJHS appreciates and values the community’s support in educating our students. Middle school students have unique needs, and the community embraces opportunities to partner with our students in their learning. We are also grateful for all the donations to our clothing closet and backpack program which helps to cloth and feed many of our students.

Respectfully submitted,
Andrew Patin, Principal

Sanford High School 2011-2012

Sanford High School continues to serve 1100 students in grades nine through twelve. As one of the largest class “A” high schools in Maine, Sanford is highly regarded for its ability to offer a wide range of Advance Placement courses as well as many rigorous career pathways to its students. Sanford High School continues to work closely with Sanford Regional Technical Center to create more seamless curricula between the two entities.

Sanford High School continues to build community based learning opportunities for its students. Programs like Extended Learning Opportunities, Service Learning, and Job Shadowing give students the opportunity to earn credit while applying skills that are necessary to be successful in the workforce. Committed to our Vision “Learning for Life”, the high school community believes that learning opportunities should be available and supported beyond the school walls.

During the 2011-12 school year, Sanford High School was awarded a large Nellie Mae grant that helped to provide technology for our students and to allow professional development support for our faculty. Sanford High School is committed to finding more efficient and effective ways to engage students in their learning. The use of technology is one way we can accomplish this. By giving student access to current technologies, Sanford High School is going to be able to use digital textbooks that are more interactive and current than traditional books. Students and teachers will have access to the immense amount of digital resources that would not be accessible without technology.

The Sanford High School faculty, staff, and administration continue to focus on strategies to enhance achievement for all students. Our classroom teachers and support personnel work very hard at meeting the needs of all our young adults. A high percentage of graduates pursued post-secondary opportunities as described below, successfully competing in the challenging application process to gain admission to institutions of higher learning regionally, nationally, and abroad. Our entire school district and community at large should celebrate the work of all students as they continue to further their education. In the year 2011-2012, SHS students were accepted:

Four-Year Colleges	39%	Military	1%
Other schools/colleges	35%	Other	1%
Employed	24%		

At graduation ceremonies in June, Sanford High School awarded diplomas to 253 graduating seniors. More than \$100,000 in scholarship money was donated in support of those furthering their education. It has been a practice for many years to recognize every student that has applied to the Sanford High School Scholarship Fund.

I wish to thank the communities of Sanford/Springvale and Acton for supporting our fine high school. Without your assistance, we couldn't provide the strong comprehensive curriculum and extensive co-curricular programs that prepare our students for the future.

Respectfully submitted,
Jedediah Petsinger, Principal

Sanford Regional Technical Center 2011-2012

SRTC provides career and technical education for students from Sanford High School and six other high schools in York County. Thirteen programs are located at the Sanford site, including: Automotive Technology; Building Trades; Computer Assisted Drafting & Design; Digital Design; Pre-Engineering/Robotics; Landscaping & Horticulture; Graphic Arts; Health Occupations; Computer & Network Systems; Precision Manufacturing; Residential Wiring; Video Production; and Welding & Metal Fabrication. Students also participate in Early Childhood Occupations & Education and Culinary Arts through our satellite site at Noble High School. In addition, a second Health Occupations section is offered at Marshwood High School. Emergency Medical Services and Fire Science were approved in the spring of 2012 by the Sanford School Committee and we will be enrolling students in those programs for the 2013 - 2014 school year.

SRTC's Career Planning Center works continuously to raise students' aspirations for college and career pathways after high school. The coordinator of the center conducts various college preparation activities for students as they make their transition from high school to the next phase of their lives. One major activity of the Career Planning Center was conducting a college and career fair in November 2011 with representatives from over seventy colleges, technical schools, military, and business and industry.

In conjunction with Great Works, SRTC's non-profit foundation, students from a number of programs began renovating a 1915 crafter's house in Springvale for the Sanford Housing Authority. The Great Works Foundation's purpose is to advise and support learning activities for students at the center.

Each year students from SRTC participate in SkillsUSA which is a career and technical organization that provides students with opportunities for leadership development, community service, teamwork, and skill attainment. This co-curricular student organization is specifically tailored to be an integral part of the instructional program. Each year student members participate in skill competitions and leadership conferences. In January 2011, as a warm-up for the state conference, SRTC held its first local skills conference in which every student had the opportunity to compete. In the spring of 2012, forty-six SRTC students participated in the state conference, twenty-six were awarded medals in their competition area. In addition, Tim Fecteau, Residential Wiring instructor, was recognized as Maine's Advisor of the Year.

In January 2012, the Sanford High School and Technical Center was listed on an "approved projects list" by the Maine Department of Education for the renovation or construction of a high school and technical center. SRTC staff is extremely excited about this opportunity to improve and expand the center and its programs.

Sanford Regional Technical Center staff continues to be committed in assisting all students to be successful by connecting education to a career. For more information about SRTC, please visit our web site at <http://sanford.mainecte.org>.

Respectfully submitted,
James C. Stopa, Director

Sanford School Nutrition Programs 2011-2012

Sanford School Nutrition Programs provided breakfast and lunch for students in all K-12 schools, the Alternative High School and the First Steps Day Care, serving up 198,000 breakfasts and 450,000 lunches during the school year.

The After School Snack Program provided more than 16,000 after school snacks at no cost to students enrolled in Kids Club at Carl J. Lamb, Margaret Chase Smith and Willard Schools and for students at Emerson and Lafayette Schools.

The US Department of Agriculture awarded \$83,000 in grants to fund the Fresh Fruits and Vegetables Program. A free fresh fruit or vegetable was provided to every elementary student in the classroom every school day. The purpose of the grant is to encourage consumption of fresh fruits and vegetables.

Sanford School Nutrition Programs submitted applications to the US Department of Agriculture's Healthier US Schools Challenge (HUSSC), seeking recognition for the district's work to support and improve the health of our students and community. Schools that champion the HUSSC work and make changes to their school nutrition environment to improve the quality of the foods served, provide students with nutrition education and physical education and opportunities for physical activity are eligible. Awards winners will be notified in school year 2013.

Our programs participated in Farm to School initiatives to support local agriculture. Each September, Maine hosts Farm to School week. School Nutrition programs work with vendors and local farmers to purchase local foods to be served in schools.

The Summer Foodservice Program served nearly 21,000 free meals to children in our schools and local parks. The Summer Foodservice Program is sponsored and fully funded by the US Department of Agriculture. Free meals are provided to children and teens 18 years and younger.

In December 2011, Maine's food safety regulations changed, requiring every eating establishment to employ a Certified Food Protection Manager to protect the public's health.

The program's \$1.5 million budget was funded with revenues of \$1,485,754 in federal and state reimbursements, cash and online payments and \$25,000 local allocation.

I would like to thank the community for your interest in and support of Sanford School Nutrition Programs.

Respectfully submitted,
Holly S. Hartley, Director of Food Services

Sanford School Department Employees

www.sanfordmaine.org

CITY OF SANFORD

General Fund – Assets

Observations:

- Cash and investments are shown net of amounts due to and from other funds
- Taxes receivable increased approximately \$160k due mostly to the weak economy and one major taxpayer not making timely payments in the current year
- Accounts receivable decreased approximately \$170k

CITY OF SANFORD

General Fund – Liabilities

Observations:

- Accounts Payable increased over \$610K as a result of timing differences on checks written at the end of FY'12
- Accrued payroll, represents payroll earned prior to June 30th but not yet paid
- Deferred revenue represents taxes still unpaid 60 days after the end of the year

CITY OF SANFORD

Debt and Long-Term Obligations

	Beginning			Ending	Amounts
	Balance	Additions	Reductions	Balance	Due within
					One Year
General obligation debt	\$ 11,031,841	\$ 761,894	\$ 1,248,864	\$ 10,544,871	\$ 1,145,658
Capital lease obligations	88,248	71,579	74,148	85,679	47,393
Compensated absences	1,379,465	467,807	- - -	1,847,272	553,476
Landfill post closure costs	460,000	- - -	35,000	425,000	35,000
Other postemployment					
benefits obligation	548,220	140,505	- - -	688,725	- - -
Total	\$ 13,507,774	\$ 1,441,785	\$ 1,358,012	\$ 13,591,547	\$ 1,781,527

Additional detail is located in the financial statements:

- See pages 26 and 27 of the financial statements for an individual listing of the debt obligations
- See page 28 of the financial statements for a description of the capital lease obligations
- See pages 28 – 30 of the financial statements for a description of the landfill closure and post closure care costs
- See pages 34 – 36 of the financial statements for a description of the other post retirement benefits

CITY OF SANFORD

General Fund – Fund Balance

Observations:

- Total fund balance decreased approximately \$1.2 million
- Committed fund balance represents amounts for the capital plan
- Assigned fund balance is made up of various reserves and use of surplus
- Unassigned decreased over \$711k from the prior year

CITY OF SANFORD

General Fund Revenues

	Budget	Actual	Variance Positive (Negative)
Taxes	26,534,442	26,387,165	(147,277)
Intergovernmental	23,681,930	24,470,081	788,151
Charges for services	1,992,109	1,855,821	(136,288)
Licenses, permits and fees	536,550	533,230	(3,320)
Miscellaneous	292,196	471,752	179,556
Use of assigned and unassigned fund balance	1,580,000	-	(1,580,000)
Transfers from Other Funds	-	380,201	380,201
Total	54,617,227	54,098,250	(518,977)

Observations:

- Taxes were under budget due mostly to an increase in deferred revenue
- Charges for services revenue was under budget due mostly to lower dispatch revenue than was budgeted for

5

CITY OF SANFORD

General Fund Expenditures

	Budget	Actual	Variance Positive (Negative)
General Government	5,056,489	5,022,748	33,741
Public Services	1,682,853	1,634,906	47,947
Public Safety	7,529,517	7,891,008	(361,491)
Public Works	3,722,570	3,564,171	158,399
County Tax	763,958	776,958	(13,000)
Education	32,710,751	32,665,360	45,391
Other	-	500	(500)
Debt Service	1,589,561	1,579,224	10,337
Capital Outlay	1,390,320	1,014,791	375,529
Transfers to Other Funds	21,668	375,494	(353,826)
Total	54,467,687	54,525,160	(57,473)

Observations:

- Largest over budget category was Public Safety due to Sanford Regional Communications being over budget by approximately \$320k
- Capital improvement plan is carried over to next year and is committed in fund balance
