RULES AND ADMINISTRATION

February 25th, 2014

City of Sanford
919 Main Street
Sanford, Maine 04073

Dear Friends,

Since arriving to the U.S. Senate last January, I have been looking for ways to provide Mainers with improved access to federal services through the use of digital technology and on the ground outreach initiatives. Maine is a rural state and I know that traveling to our offices can present both logistical and financial challenges.

To help overcome those obstacles, I launched our signature **Your Government Your Neighborhood** outreach program in June 2013. Every other week members of my staff in Maine travel to different towns – ensuring that all 16 counties are served each month - to hold constituent office hours for local residents.

Over the past eleven months my work in Washington has been largely shaped by the four committees that I serve on: Armed Services, Intelligence, Budget, and Rules. These appointments allow me to engage on issues important to Maine and help craft legislation before it comes to the Senate floor. On the Armed Services Committee I work with my colleagues to honor our obligations to members of our armed forces both past and present, as well as ensure the continued strength, efficiency, and sustainability of our military. On the Intelligence Committee I work to effectively mitigate security threats facing our country while also establishing measures to guarantee that the privacy rights of U.S. citizens are protected. On the Budget Committee, I am working to ensure that necessary spending is tempered with fiscal responsibility, and my position on the Rules Committee allows me to push for procedural reforms that remove institutional inefficiencies and help move the country forward.

I am tremendously grateful for the opportunity to serve you and determined to keep you informed of my activities in Maine and Washington. As always, I welcome any thoughts, questions, or concerns that you may have. You can visit my website at <http://www.king.senate.gov> and provide your input there, or call our toll free in state line at **1-800-432-1599**. In addition, our local numbers are as follows: Augusta (207) 622-8292, Presque Isle (207) 764-5124, and Scarborough (207) 883-1588, and Washington D.C. (202) 224-5344.

Sincerely,

ANGUS S. KING, JR

CHELLIE PINGREE
CONGRESS OF THE UNITED STATES
1ST DISTRICT, MAINE

Dear Friend,

I hope this letter finds you and your family well. It is an honor to represent you in Congress and a pleasure to update you on the work I am doing in Maine and Washington.

You are probably aware that Washington is a very challenging place to get anything done these days. The partisan climate has kept many important issues from being addressed and even led to a shutdown of the federal government. Worst of all, it has created uncertainty for Maine families and the economy. It's the last thing we need. Over the next year, I will continue pressing Congressional leaders to bring the focus back to helping people rather than advancing ideologies.

As difficult as it's been, though, there are areas where I have been able to make progress on needed policy reforms. One has been support for local food producers. For decades now, federal agriculture policy has only benefited huge farms and commodity crops, not the kind of the diverse family farms we have in Maine. It's time for that to change. With small federal changes, we can capitalize on the huge economic potential of the local food movement. I've introduced the Local Farms, Food, and Jobs Act to make some of those changes, and have been pleased to see many of these reforms gain bipartisan support.

Another issue is helping veterans who were sexually assaulted during their service. I've introduced the Ruth Moore Act—named after a Maine veteran who struggled for 23 years to get disability benefits from the Department of Veterans Affairs after she was sexually assaulted while in the military. The bill would help veterans like Ruth get the assistance they need to recover from the debilitating trauma they suffered while serving the country. The bill passed the House and now awaits consideration in the Senate.

While policy in Washington is important, so is the work my staff and I do here in Maine. My office keeps close connections to Maine communities and their leaders to make sure we're doing all we can to help them succeed. This work might include providing letters of support for federal grant applications, getting answers from federal agencies, or bringing national officials to our state to raise awareness about the good things being done here.

We also work with hundreds of constituents who have issues with federal agencies and programs. Not everyone knows that you can call your Member of Congress for this kind of thing, but it's an essential part of my responsibilities and my commitment to the people I serve. Members of my staff are experts on issues ranging from veterans benefits and IRS questions to Social Security problems and passport inquiries. They can help you navigate the process, communicate with federal agencies, and, in certain circumstances, facilitate the expediting of claims. If there is an area where you need assistance, I encourage you to call my Portland office at (207) 774-5019 or go to my website, www.pingree.house.gov.

Again, it's a privilege to serve you in Congress. Please stay in touch.

Chellie Pingree

Member of Congress

Senator John L. Tuttle
3 State House Station
Augusta, ME 04333-0003
(207) 287-1515

To the people of Sanford,

It is my great pleasure and honor to serve as your State Senator during the 126th Maine State Legislature.

This year, the Legislature will address a number of critical proposals with far reaching implications for the people of Maine, such as accepting federal funds to increase access to health care, restoring cuts made to municipal revenue sharing, and fixing the flawed MaineCare ride system. I have faith that through hard work and bipartisan efforts we can make substantial progress on these issues.

I am honored to once again serve as the Senate Chair of the Veterans and Legal Affairs Committee as well as a member of the Judiciary Committee. As a former Veteran of the Maine National Guard, I take great pride in advocating for our veterans, and I am sponsoring a bill this year to ensure medical coverage for veterans exposed to Agent Orange and other harmful chemicals while serving at Gagetown in New Brunswick.

These are just some of the issues I will be working on this session. I will continue to keep you up to date on key issues and bills as the session progresses. You can read my monthly columns in the Journal Tribune and the Sanford News, and I also offer an electronic newsletter if you would like to receive email updates from me. If you would like to receive these updates, you can email me at SenJohn.Tuttle@legislature.maine.gov.

I also hold office hours every Sunday afternoon at my home, 176 Cottage Street, from 1:00 p.m. to 3:00 p.m. I can be reached by phone at the State House at 287-1515 and when I am home, my phone number is 324-5964.

I am honored and grateful for the opportunity to serve you.

Sincerely,

A handwritten signature in black ink that reads "John" followed by a stylized flourish.

John Tuttle
Senator, District 3

State House E-Mail:

RepAnnemarie.Mastraccio@legislature.maine.gov

To the Town of Sanford:

The second regular session of my first term as your representative is in its final weeks. It has been an honor and a privilege to serve as your voice and the voice of the Sanford community in Augusta. I would like to touch upon some of the work we in the Legislature have accomplished along with what we hope to finish before session is out this Spring.

As a member of the Labor, Commerce, Research and Economic Development and the Joint Select Committee on Maine's Workforce and Economic Future, I have been in a unique position to hear and debate numerous bills to address critical issues for the Maine economy.

Our priorities coming into this session were to improve Maine's economic edge and expand access to affordable health care for Mainers who need it most. I'm happy to say that we've passed strong legislation in all of these areas. We overrode the Governor's veto of a bill to maintain revenue sharing for Maine's towns and cities so they can provide critical services for their residents and keep their local economies afloat. Legislation to accept federal health dollars to provide life-saving care to Mainers is on its way to Governor's desk.

A bill I submitted to help schools save on the cost of transportation has successfully become law. The bill allows schools to use smaller multi-function school activity buses when they transport students from school to other co-curricular events instead of having to pay for more expensive large school buses. I'm proud of this bill because it provides cost-saving options for schools across our state so they can allocate those resources toward other important programs.

I was a cosponsor of an important bill to help veterans afford homes by expanding a property tax exemption to veterans of the wars in Afghanistan and Iraq. This was a simple, yet critical, adjustment to the existing exemption which had not included veterans of these conflicts.

Throughout my tenure in the State House, I have worked to keep a strong connection with my constituents and the Sanford community. In order to more effectively serve you in the Legislature, I encourage you to contact me with any comments, questions or concerns that you may have. My email address is RepAnneMarie.Mastraccio@legislature.maine.gov and my phone number is (207) 324 – 8692.

Thank you.

A handwritten signature in cursive script that reads "Anne-Marie Mastraccio".

TTY: (207) 287-4469

Dear Friends and Neighbors:

It has been an incredible honor to serve my constituents in Sanford and throughout District 144 in the Maine House of Representatives. Thank you for your confidence over my first term in office.

During the 126th Maine Legislature's second regular session, which wrapped up in May, we worked to balance the state budget, make targeted investments in our future and protect our most vulnerable neighbors.

Some of our best work came out of bipartisan cooperation. We worked together to pass a budget for the upcoming fiscal year that helps Mainers with disabilities access care, supports nursing homes that care for our seniors and makes key investments in our future through education and workforce training initiatives.

Job creation and the economy continued to be top priorities. The Legislature crafted bipartisan bond proposals to promote small business growth and job creation, boost high-tech innovation and invest in clean water infrastructure which will go before Maine voters in November.

The 126th Legislature worked to honor the state's funding promise to Maine municipalities. We protected revenue sharing and worked to prevent further property taxes increases locally while providing taxpayer relief by bolstering a tax credit that helps low- and middle-income families and seniors.

Thank you again for the opportunity to serve as your representative in the Maine Legislature. Please feel welcome to contact me with your comments, questions and concerns regarding state government. I can be reached by e-mail me at noonformaine@gmail.com or telephone at 432-1790.

Sincerely,

A handwritten signature in black ink that reads "William F. Noon".

July 1, 2012 to June 30, 2013

The Sanford Regional Economic Growth Council ("the growth council") is a private, 501(c)(6) corporation established in October 2009 by three co-founders: the City of Sanford, the Sanford-Springvale Chamber of Commerce and the Industrial Development Corporation of Sanford (IDC). The growth council is chartered to be the leading economic development organization in central York County and, as such, it works each day to increase the prosperity of its citizens and enhance the area's economy.

The growth council is led by an experienced seven-member board of directors and two full-time staff who work to connect the business community with the most effective programs and resources available. The organization concentrates on helping local companies grow, recruiting new business to the region, and encouraging new business formation through site location assistance; providing demographic and labor market information; financial packaging support; connecting business clients to appropriate tax incentives; catalyzing inter-governmental relations; and providing leadership in business advocacy and public policy issues.

On January 1, 2013, Sanford became Maine's newest city, and began a new era with a Mayor and City Manager leadership team. Sanford's mayor is an advocate for Sanford at the State level through active participation in the Mayor's Coalition. The new city planned a "Celebrate Sanford" day in July to recognize the city's incorporation and to highlight the many good things happening here.

Sanford's new logo and tagline were launched in May 2013 and a new marketing plan was implemented, encouraging businesses and residents to Explore, Create, and Grow. Since its creation, the new logo has been incorporated into the Growth Council, City and School websites and various collateral materials, and is being used by the Sanford-Springvale Chamber of Commerce and the Industrial Development Corporation. Future uses are anticipated for any and all new initiatives within the City.

The State's Business Friendly designation was awarded to Sanford in June 2012 and the growth council has been working behind the scenes with local companies and city staff to ensure ongoing improvements in business support.

The growth council worked long hours on a very complicated public and private sector financing package, including local TIF support at the end of the fiscal year, to ensure that Northland Enterprises could comprehensively redevelop the Sanford Mill into residential and commercial space. In addition, there was ongoing work in FY 2013 with expansion plans at both Flemish Master Weavers and New England Truck Tire that included tax increment financing to complete the deals. Staff also worked with a developer in Springvale on project financing that included TIF.

Sanford's industrial companies have been thriving: Maine Manufacturing grew from 7 employees in 2008 to 200 employees in 2013. Flemish Master Weavers has expanded its plant twice since 2008, adding two state of the art looms and investing over \$10 million. At the end of FY 2013, it was in the process of adding Loom #9 with plans to surpass the 100 employee mark. New England Truck Tire planned an expansion to its operations with additional 10,000 square feet and an investment of \$500,000 while retaining 16 positions and creating 7 new jobs.

The growth council spent many hours during the year on two critical education projects: a new high school and technical center and a new community college program. Following State approval to build a new High School and Technical Center and the establishment of a local Core Building Committee – which includes the growth council's Executive Director – Sanford has been working to take the necessary steps leading to construction of an integrated facility. This new facility will, at a figure approaching \$100 million, be the largest school construction project in Maine's history. Input from residents and businesses will lead to a site selection process and eventually the first class slated to enter as early as 2018.

The growth council worked with York County Community College officials and regional business leaders to secure a location in South Sanford as the new site for YCCC's Precision Machining Technology center. The program start is planned for fall 2013.

The growth council prepared to launch a new monthly e-newsletter as this reporting period ended and it is expected that this will be well-received locally and regionally. We began implementing our marketing plan which will lead to an increase our activities on Facebook in the next year, and creation of a new LinkedIn page. We now feature profiles of local businesses and organizations on our website and will continue to do so. The growth council also continues to offer Sanford Prospector as a service on our website (www.sanfordgrowth.com), allowing local real estate brokers and owners to list their properties free of charge and incorporating the most current and detailed demographic data, thus creating a one-stop source of information for site selectors and businesses operating in the Sanford region.

The growth council instituted a schedule of proactive visits to key business leaders in the community during the year. This resulted in meetings and tours each month, helping us to stay abreast of business concerns and future plans. We also met monthly with staff from the Sanford-Springvale Chamber of Commerce and the Sanford Downtown Legacy to review business news and events within the community.

On the business attraction front, the growth council met regularly during the year with one mixed-use developer on a complete redevelopment of an existing mill building and three separate agricultural projects that were exploring the potential for establishing major operations in the Sanford Region.

We also worked with local community members to encourage discussion of a "Maine Adventure Camp" tourism attraction project meant to be a four-season draw for the millions of visitors to the Maine Beaches Region just south of us.

ASSESSOR'S OFFICE

Property assessment administration is a complex and technical profession vital to the financial health of local government. The Sanford Assessor's Office is responsible for administering the ad valorem (according to value) tax system and its objective is to identify and appraise all property in Sanford and Springvale.

In Maine, the ad valorem tax is based on the principle that the amount of tax paid should depend on the fair market value of property owned on April 1st of the current tax year. The property taxes are a major source of revenue for financing local government services such as police, fire, schools, public works, parks and recreation, and town hall.

Assessed values used for tax purposes must be accurate so that the tax burden will be distributed fairly and equitably. The primary tasks performed by the Assessor's Office as we work toward completion of an assessment roll are:

1. Locate and identify all taxable property in Sanford and Springvale
2. Make an inventory of the quantity, quality and important characteristics of all taxable property
3. Estimate the value of each taxable property
4. Determine the extent of taxability of each property
5. Calculate the assessed value of each property
6. Prepare and certify the assessment roll of the entire jurisdiction
7. Calculation of tax rate and send tax bills

There are programs offered by the State Bureau of Taxation. For businesses with personal property, inquire about the "BETR and BETE Programs". For the individual, inquire about the "Tax and Rent Reimbursement Program", filed annually with the State. Veterans, age 62 or 100% disabled are eligible for an exemption. File with Assessor before April 1st after your 62nd birthday. Maine residents are eligible for a "Homestead Exemption" on their home. A one time acceptable filing is required prior to April 1st of the tax year.

The Assessor's staff will answer your questions...help us to attain our objective.

Respectfully,

George Greene, CMA
Sanford Assessor

2012 MUNICIPAL TAX ASSESSMENT WARRANT
State of Maine Municipality: Sanford County: York
To: Paula Simpson Tax Collector Sanford, Maine

In the name of the State of Maine, you are hereby required to collect of each person named in the list herewith committed to you the amount set down on said list as payable by the person.

HUMAN RESOURCES

Missy Flayhan, Director
Stacey Johnson, Assistant Director

The fiscal year July 2012 – June 2013 was to be another very busy and challenging year for the Human Resource Department.

During the 2013 fiscal year our department continued to pride itself in hiring the best candidates to serve for the City of Sanford. The City hired our current City Manager; Steve Buck. We filled several additional full-time and two part-time positions including: four full-time Public Safety Dispatchers, two Police Officers, a part-time Airport Manager, an Assistant to the Executive Director of the SREGC, Mechanic II, Part-Time Assistant Clerk, and Case Worker Assistant with our General Assistance department. We also added several new temporary employees during the summer months to our parks and recreation program, and other temporary staff to the Public Works Department, Airport and Transfer Station.

The City had previously faced the unfortunate task in preparing the previous year 2011/2012 budget due to the elimination of several positions in the spring of 2011. The 2012/2013 year continued to be a challenge for our employees to deliver the level of quality service they were accustomed to providing to our citizens with the reduced staffing levels.

The Human Resource Department was very pleased to announce our health insurance carrier; Anthem Blue Cross and Blue Shield established a new Employee Assistance Program which became effective January 1, 2012. The new program has provided free assistance to all City employees and their families. This new benefit has offered a wide variety of confidential services; our department has utilized and referred the program with much success. As health insurance premiums continue to annually increase, the City has already implemented a new insurance plan with MMEHT which will provide excellent coverage but will provide a reduced cost to the City and to the employee. It is the goal of the City to offer this plan to all bargaining units as bargaining agreements are negotiated.

On a positive note; for another year, the City continued to make great progress in achieving our goals of creating and sustaining a safe work environment for our employees. The continued efforts of our strong and effective Safety Committee addressed injuries and other safety issues on a monthly basis. We have worked together with Maine Municipal Association to establish a strong working relationship to enhance our program. We also continue to work with the City of Sanford's Worker's Compensation health care provider; H. D. Goodall Occupational Health Clinic to provide the best care for our employee injuries. The overall result and collaborative effort with both City employees and the Safety Committee continues to result in a significant reduction of lost wage claims each year. Our goal is to continue to work as a team and continue to reduce our claims and to sustain the safe work environment we have established. The committee also has utilized grants offered by Maine Municipal Association for a variety of items otherwise not affordable due to budgetary restraints. These items have provided departments with additional safety equipment to ensure safety and prevent injuries.

The Human Resource Department strives and plans to continue to provide the best possible service and resources to all City employees.

All future employment opportunities are listed on our website: www.sanfordmaine.org under Employment Opportunities.

Respectfully Submitted,

Missy Flayhan

DEPARTMENT of PLANNING & COMMUNITY DEVELOPMENT

The primary responsibility of the City's Department of Planning & Community Development is to provide technical support to the Planning Board. The department has a staff of two: a Director, James Q. Gulnac, AICP and an Administrative Assistant, Barbara Bucklin.

The Board is responsible for the development of the City's Comprehensive Plan and recommending to council the various ordinances needed to implement the goals and objectives of the plan. In addition to some minor changes to accommodate specific requests for rezoning, the Board reviewed the possibility of rezoning the urban core of the City. The Board also reduced the time needed to review and approve complete applications submitted to the Planning Department.

The application review process can be as simple as an administrative review conducted by staff for minor changes to existing site plans; or it can involve the review and approval by the Site Plan Review Committee on those projects classified as minor; and review by staff, SPRC, and Planning Board for all subdivisions and projects classified as major.

In addition to his role as the Director of Planning, Mr. Gulnac serves as one of the city's three (3) certified Community Development Administrators. In this capacity, he assists in the administration of the State of Maine Community Development Block Grants (CDBG). These projects cover a wide variety of areas including public infrastructure projects, financial support for economic development projects that create jobs, other community development activities relating to meeting the national objectives of eliminating slum and blight, and providing assistance to those who are considered low and moderate income. The City was successful in receiving a CDBG Downtown Redevelopment Grant of \$500,000.00 which will be used to develop a park overlooking the falls at the dam of Number 1 Pond.

Mr. Gulnac is also involved with other community development activities such as the Safe Schools Healthy Students project and Strategies for a Stronger Sanford. In this capacity he works closely with the Lee Burnett, City grant writer.

CODE ENFORCEMENT

This department administers the Zoning Ordinance, the Shoreland Zoning Ordinance, building and other codes adopted by the town, and state statutes. To promote safety, we perform property inspections, provide information on codes and ordinances and seek compliance, and issue permits. Permits issued for fiscal year 2012-2013:

BUILDING PERMITS		PLUMBING PERMITS		OCCUPANCY PERMITS	
Residential	188 (19 new)	Internal	116	Business	68
Commercial	73 (3 new)	External	33	Residential	24
Other permits	<u>121</u>			Home Business	<u>11</u>
TOTALS	382		<u>149</u>		103

Although there has been a decline in new construction, businesses continue to locate or relocate in Sanford as evidenced by permits issued. Commercial construction projects include MAS t-hangars at airport, Cellular Sales of Maine, Northern Explosion Dance Studio, Spectrum Health Care, Community Health Care at the Kennedy Center, and the Sanford Mill.

Expansions include Batchelder Insurance, Brink Chiropractic, Flemish Master Weavers, New England Truck Tire, Veterans Center, YMCA phase II, and Advanced Building Products, Demolition projects include the former bowling alley and gas station on the corner of Washington Street and Riverside Avenue, and the former hardware store near Gowen Park. After some renovation work, the City Hall auditorium was opened to limited used. Relocated businesses include Springvale Nursery, Grondin Enterprises, Corner Post Surveying, Warrens Office Supply, Gaudette Realty, Maine Stove and Chimney, and JMS Cleaning.

New businesses include Emily's Wood Fired Pizza, Dash Aviation, Farming Fungi, Graffiti Burger, MK Power Sports, Threads of Hope, Andy's Auto Detailing, Hanna's Tavern, Cross Fit gym, Polished Concrete Solutions, C Roux Computing, Deering Lumber, Pleasant River Lumber, WWSF radio, Natural Concepts Salon, Oceanside Rubbish, M&M Trading Company, Fresco restaurant, Finders Keepers Creations, Sanford Schools Bridge Program, and the York County Community College precision machining program.

The Zoning Board of Appeals may hear appeals of decisions based on the Zoning Ordinance and made by the Codes Enforcement Officer. This year, the ZBA heard two administrative appeals and three dimensional variance appeals. All of these were denied.

The department staff consists of an Administrative Assistant, a Code Enforcement Officer, and a Chief Code Enforcement Officer.

Respectfully submitted,

Shirley Sheesley
Chief Code Enforcement Officer

SANFORD SEACOAST REGIONAL AIRPORT

I am happy to introduce myself as the new Sanford Seacoast Regional Airport Manager. My first year has been productive, energizing, and jam packed with projects, progress, and events.

GARD System The General Audio Radio Device (GARD) was developed in Augusta, Maine and is a product that provides General Aviation airports with a low cost way to record and save all radio transmissions at their airport. The voice data can be played back and used as a training aid for ground vehicles authorized to be in the movement areas; can assist local and federal officials with accident investigations; and also allows airport managers to track aircraft operations by hour, day, week, month and year. It was installed at SFM in November 2013.

Taxilane Rehabilitation We have prepared for, sought, and obtained grants for the design and construction of the Seacoast Taxilane Rehabilitation. This project includes the rehabilitation of the 26+ year old pavement and improvements to the drainage in the area on the southeast side of the Seacoast Hangar I complex. The design is complete and construction is slated for fall of 2014.

Wildlife Hazard Assessment The WHA is a yearlong study of the airport's flora and fauna conducted by a certified wildlife biologist. Recommendations for prevention and control of wildlife hazards to aviation will be made at the end of the study this year in the form of a report.

Airport Master Plan Update We have prepared for, sought, and obtained a grant offer for the update of the Airport Master Plan and Airport Layout Plan. The Airport Master Plan is an exhaustive, airport-wide study with the goal of developing short-, medium- and long-term plans to meet future aviation demand.

Relocated and Updated Fuel Farm Southern Maine Aviation has successfully relocated the fuel farm to the east side of the field. This move is beneficial for all involved as it increases safety by significantly reducing the number of times fuel trucks will have to cross the runway; increases efficiency and convenience for the flying public; and, increases revenue for the City by creating a long term land lease on the area the tanks will be located.

Crack Seal Machine To facilitate efficient, safe, and cost effective maintenance of the pavement systems at the airport an asphalt crack sealing machine was purchased and has proven to be a benefit to all users as well as the city; it will save us a lot of money in the long term. The airport's maintenance crew laid over 2,000 pounds of material in FY 13/14. We are very impressed with the safety, efficiency, ease of use, customer service associated with the machine.

Civil Air Patrol CAP is new on the field!

DASH Aviation, our multiengine flight school, has taught over 150 students since their business began in March 2013! Congrats to them on great success!

Events

- LHC6 Takes Flight!
- First Annual Touch A Truck
- Maine Model Jet Rally 2013
- Boy Scout Camporee
- Many seminars, contests, benefits and socials put on by Southern Maine Aviation

Cheers to the year to come!

M. Allison Rogers

**Information Systems
July 2012– June 2013**

This year the Information Systems Department worked on a variety of projects, many of which were public safety related. The old Police Department records server based on SCO Unix operating system crashed due to a hardware failure. The City purchased a virtual SCO license and had the data and programs from the old physical server ported over to a SCO virtual machine that runs in our VMware virtual environment. We can now keep that data “virtually” forever since that virtual machine is essentially now just a group of files for which we kept multiple backup copies. The IMC mobile switch computer was also virtualized to improve performance for the mobile data terminal computers used in the police cars. All of the old Data911 Windows XP mobile data terminal computers were replaced with PatrolPC computers running Windows 7. The PatrolPC computers are integrated one piece computers which allow for a simpler installation process than the old three piece Data911 units.

Many thanks to Sgt. Jason Wagner of the Sanford Police Department for his assistance in the evaluation and implementation of the new computers. Ten new Windows 7 computers were installed in the dispatcher positions of the Sanford Regional Communications Center in an effort to make these critical computers faster and more reliable.

Wi-Fi was deployed at Public Works to provide network coverage to the garage area. Wi-Fi improvements were also made at the City Hall and Police Station.

Apple iPads were issued to the City Council for them to view the electronic Council packets for meetings. The laptops that these replaced were getting old and in need of replacement. The iPads were less expensive than new laptops and more portable.

The City’s WebGIS mapping website was revamped with new technology that modernized the user interface and improved the performance of the website, especially when the aerial photography layers are displayed. The City obtained updated high quality aerial photography from the April 2012 flights after it was processed over the summer of 2012. This was obtained at a very reasonable cost due to the collaboration of the State of Maine, York County, and other area municipalities to split the cost of the flights and orthogonal correction of the photography.

Respectfully submitted,

Bill Botting
Director of Information Systems

Sanford Regional Communications Center

Sanford Regional Communications Center is a Public Safety Answering Point (PSAP) for all 9-1-1 calls made in Acton, Alfred, Kennebunk, Lebanon, Limerick, Hollis, Newfield, North Berwick, Old Orchard Beach, Sanford, Springvale, Shapleigh and Waterboro Maine. The center handles numerous seven-digit lines covering the partner jurisdictions' Police, Fire and Rescue Departments.

In 2013 the center handled **109,884** calls for service and **24,619** 9-1-1 calls. The Regional Communications Center provides the dispatching services for the York County Sheriff's Department and York County Emergency Management Agency. They have also become the repository for all of the warrants in York County. Sanford Regional Communications dispatches for nine area fire departments, as well as dispatching for the

Old Orchard, North Berwick, Old Orchard Beach and Kennebunk Police/Fire/Rescue departments bringing the total to 18 towns that utilize our dispatch center as well as the York County Sheriff's Department. The staffing level has increased from 6 full time dispatchers in 2007 to 20 full time dispatchers, and 8 part time dispatchers including 4 supervisors.

Sanford Regional Communications Center is staffed with highly trained individuals. They have many hours of training ranging from Emergency Medical Dispatch, data entry into the National Crime Information Center, operations of the Enhanced 9-1-1 system, and use of the Maine Telecommunications and Routing Operations system (METRO) for queries into the Maine Department of Motor Vehicles, among other things.

Sanford Regional Communication uses state-of-the-art technology that was upgraded to Next Gen 911 capability in July of 2014, allowing for additional information exchange and display for the dispatch staff and emergency services personnel to better provide service during emergencies.

Looking ahead into 2014-2015 we see a bright future and room for growth as we continue to strive for professionalism and compassion as we serve the needs of the City of Sanford / Springvale and our surrounding partners.

Parks and Recreation ~ July 2012- June 2013

Red Sox trips saw nearly 200 baseball fans attended during the summer cheering on the Red Sox at Fenway Park. 4th of July events went off well and a highlight saw the Drifters come to play a concert at Goodall Park. The Sanford Mainers drew large crowds and continued to entertain the fans. Many of the players have been highly regarded at both their schools as well as by the baseball Scouts that come to watch them. They continue to “keep their eyes on the dream”

Summer Camps 2012 saw significant numbers at all day camps. The department opened up our Day Camps to include children going into kindergarten. Sanford School Department is now offering full day kindergarten so it was easy for us to continue with this age group through the summer camps. Parents and campers are comfortable with the all day program. We did 4th grade through age 12 years for the older camps which resulted in high numbers at the SHS.

Summer Sport – Wee Ones Sports Camps were well attended. The Springvale Recreation Area continued to be very busy throughout the season and also saw some very nice and practical landscaping which will help to save the beach. This area has become a much sought after place for birthdays, family reunions and other parties of small to larger groups.

The fall brought the Sanford Parks and Recreation Dept. front and center with the Maine Children’s Cancer Let’s Dance with the Stars fund raiser. Mother/Son rendition of “Gangnam Waltz...” Many votes for Peter Hegarty from the children whom he worked with at summer camp gave the winning edge for the department. With many changes in the IS department – the web site was getting little attention. Lori Hegarty took over a major role in maintaining the Town/City Web site and in training other departments on how to maintain and input info into the site. We hope that it continues to develop and stay current with all activities in the City. Shawnee Peak 5 week downhill skiing program held on Sunday continued to allow for discounted rates for families to get acquainted with and continue skiing and being active in the winter. Trips to ski at Sunday River program kept the youth of Sanford snowbound on the weekends.

Winterfest – Kick off weekend same as Great Maine Outdoor Weekend - back to # 1 Pond (fishing, cookout, horse drawn wagon rides). Ice for skating was perfect up until a week and a half prior to the event. Snow was sparse when we needed it at Gowen Park so local contractor R. Pepin and Sons came in and fixed the bald spots on the hill. Many beautiful storms after and some gorgeous pictures were provided from Gowen Park to dazzle the web site. The department remains active in community collaboration with the S.O.O.S.T.A. (Sanford Out of School Time Alliance) program as well as the new Turbo Tuesdays program. In March we had “the President’s Own, Marine Corp Band” perform in the Veterans Memorial Gymnasium. The house was filled to capacity for this free concert featuring the country’s best musical talents that also serve their country.

Keep watching for more from the Sanford Parks and Recreation Department in the future.

City of Sanford, Maine Facilities Department

919 Main Street, Sanford, Maine 04073-3589
(207) 324-9130 FAX (207) 324-9142

Building Maintenance

The Sanford Facilities Department's primary mission is to provide the best possible facilities for our employees to work in, and for citizens and visitors to conduct business quickly and efficiently. We also recognize that our buildings are a visual representation of the City, and we strive to maintain the best possible image. Custodial maintenance for City Hall and the Police Station is provided by the department's two custodians. They provide the cleaning and preventive maintenance to keep the sophisticated systems operational. Custodial services for other City facilities are provided by the resident departments.

Despite our best efforts, building systems and equipment do wear and occasionally stop working. Simple routine repairs and replacements are typically handled by local contractors. When major installations or replacements are necessary, the Facilities Director reviews the engineering design, equipment specifications and facility changes to ensure that the most efficient, safe and appropriate equipment is installed according to the latest codes and standards.

Building Upgrades

From time to time, as departments change, we have the opportunity to make significant upgrades to our facilities. During this fiscal year, the Facilities Department managed renovations that allowed the Parks and Recreation department to relocate to the first floor of City Hall; a much more convenient location for their clientele. We also began renovations on the 4th floor including replacement of old windows and expansion of the sprinkler system to provide fire suppression coverage. New offices are being created there to house the Finance and Human Resources departments.

Regulatory Compliance

The facilities department is responsible for much of the regulatory compliance for the City. We are required to conduct regular inspections of facility systems, review and document safety procedures, and provide environmental reports to the Maine DEP and Maine EMA. During this fiscal year we were subject to a compliance inspection by the Maine Department of Labor (which enforces health and safety regulations for the public sector as OSHA does for the private sector). Many deficiencies were identified, but all of the Sanford Departments worked hard to get the issues corrected. As a result, fines that had been proposed were reduced to near zero.

Alex Hammerle, Director of Facilities

Sanford Police Department

City of Sanford, Maine

935 Main Street
Sanford, Maine 04073
(207) 324-9170 Fax (207) 324-9199

The past year has been challenging for the Sanford Police Department. We experienced an unprecedented loss of personnel due to injury (job and non-job connected), retirement, and resignation. We are currently engaged in an aggressive recruiting program with the goal of employing up to seven new police officers. This is always a challenge due to our strict hiring standards, competition with surrounding agencies, as well as the differentiation of salary and benefits. The Police Department's goal is to have all of the needed officers hired and attending the Maine Criminal Justice Academy by January 2015.

The Police Department has accomplished one of its major goals; all Sanford Police Officers are now trained in the Crisis Intervention Team (CIT) model. CIT was developed in Memphis, Tennessee, and is sponsored by the National Alliance on Mental Illness. CIT teaches critical communication skills, as well as proven techniques to de-escalate encounters with people who may be suffering from mental illness. Sanford is one of only three agencies throughout the State of Maine that has all of its personnel CIT trained.

While the source is slowly dwindling, the Sanford Police Department continues to use federal grant monies to fund training and purchases that would be impossible to otherwise fund. Starting next year, the agency will use grant funds to start training all officers in the LOCKUP method. LOCKUP is a nationally known program that teaches simple and effective use of force that reduces injuries to officers and arrestees. Many of the largest and most progressive police agencies in the United States teach the LOCKUP method.

Sanford Police Officers have closed several major cases this year to include the theft of the Goodall Commemorative Plaque from Central Park. Additionally, we have closed four of five commercial armed robberies: 7-Eleven in Springvale; Ocean Communities Credit Union; Lil' General Store; and, the SIS Branch in South Sanford.

Your police officers are working hard every day. Last year, they handled 30,000 calls for service, made nearly 1,200 arrests, wrote nearly 500 traffic citations, handled 700 motor vehicle accidents, and generated over 100 field interview reports of suspicious people. All of us, the men and women, sworn and civilian, who comprise the Sanford Police Department, are proud to serve you, the citizens of Sanford and Springvale.

City of Sanford
Fire Department
972 Main Street, Sanford, Maine 04073-3592

Emergency Services

CHIEF Steve Benotti

It is with great honor that I bring to you my first annual report of the City of Sanford Fire Department and emergency services. As many of you know I recently was sworn in as your new Fire chief after Jeff Rowe left to go to Kennebunk. We wish him the best and thank him for his many years of service to the city.

This year as in the past we are consistently responding to over 3600 calls for emergency service and are presently on track to do far more than that in the calendar year. I would like to list some of the accomplishments we have attained over the past year that help enhance or strengthen our service to the community:

- 1) A new pumper and forestry unit was brought on line and is now in full service replacing very old unreliable equipment.
- 2) Two of our three outdated cardiac monitors were replaced with state of the art new ones with enhanced capabilities.
- 3) We said goodbye to a longtime member Leo Letourneau who retired and Fire Marshal Peter Cutrer who left to work in Rochester NH. This brought Jarrett Clarke a new FF/Paramedic into the ranks and Patrick Cotter in to the Fire Marshal's Office.
- 4) Two of our 3 original thermal imagers were replaced which greatly enhances our search and rescue capabilities.
- 5) A new power stretcher was put in the frontline rescue to help reduce work related lifting injuries
- 6) A Labor-Management partnership was established to keep labor and the department working together towards common goals for the community.
- 7) Quality control program for our medical service has been enhanced through great efforts of our dedicated paramedic staff.
- 8) With a large anticipated turnover of personnel this year we have started the new promotional process to advance qualified individuals to fill the needed roles being vacated by retirements.
- 9) We still are waiting to hear on the disposition of our federal grant request which would bring diesel exhaust extractors into all of the fire stations for a healthier and cleaner work environment.

Personally, I wish to thank all the people of the community for your continued support of our emergency services as we are here for you. Thank you to all at City Hall, Police Department, and Public Works who work with us every day towards a common mission in our city. Lastly, I wish to thank the men and women of the Sanford Fire Department not only for their confidence and support they have shown me as their new chief but for the job they do each day for our city and the difference it makes to keep us all safe. You are the best. Thank you again for your support and we look forward to a safe and prosperous year ahead.

Respectfully Submitted,

Steve Benotti
Fire Chief

City of Sanford

General Assistance Office

919 MAIN STREET, SANFORD, MAINE 04073
(207) 324-9110 FAX (207) 324-9124

Randy White
Director

General Assistance is a state mandated, municipally administered financial assistance program. It is designed to be a short term program of last resort for members of the community who are unable to provide their basic needs and are financially eligible for assistance. A general assistance application is for a period of only thirty days. Any future need requires completion of a new application and that conditions of eligibility are met.

An eligible applicant must use his/her own funds before any general assistance will be granted. The applicant will also be required to apply for any other available assistance programs to help minimize the financial burden on municipal property tax payers. It should be noted that all general assistance provided is reimbursed at fifty percent provided all state laws, guidelines and ordinances are followed.

General assistance was granted to approximately 2.7 percent of the City of Sanford population at least once during the 2012-2013 fiscal year. Half of those cases involved assistance being granted only once.

The average amount of assistance granted during the 2012-2013 fiscal year was approximately \$400.00 per person for the entire year. Almost half of all general assistance recipients are children.

The general assistance office also manages the Imelda Fund, a local donation based fuel assistance fund. It also coordinates efforts with the Sanford Food Pantry to distribute holiday meals in the community as well as assisting community members with locating other programs that may be able to provide assistance.

The General Assistance office holds walk-in hours every Monday from 9:00 AM until noon. This is the most efficient way of beginning the application process. Formal applications are held by appointment only and require an applicant to gather many documents. An application can take more than an hour to complete. Appointments are scheduled on Tuesdays, Wednesdays or Thursdays.

The General Assistance phone line (324-9110) is available twenty-four hours a day and will always go to voicemail. Calls are returned in the order they are received during normal business hours.

Please note the General Assistance Office does not *provide* housing. It is the applicant's responsibility to locate available housing when applying for help with housing.

OFFICE OF THE TREASURER AND CITY CLERK
Tax Collection/Voter Registration
Paula Simpson – City Treasurer/Tax Collector
Susan Cote – City Clerk/Voter Registrar

The Office is responsible for Real Estate/Personal Property Tax Collection, Vehicle Registrations, Dog Licenses, Recreational Licenses and Recreational Vehicle Registrations Vital Records/Licenses and Voter Registration. The Treasury is responsible for the collection of City/School revenue, the management of cash flow and investments, the reconciliation of bank accounts and trust accounts, the administration of state/federal grants, tax increment financing administration and debt service.

CITY CLERK & REGISTRAR OF VOTERS

The Municipal Clerk is responsible for recording life events from beginning to end. This includes events that take place in Sanford/Springvale for residents and non-residents as well. So if you live in Sanford, and have a baby or get married in Sanford, we have a record of it. It also means that if you live in Lebanon or Alfred, have a baby in Sanford, we have a record of that too. The Clerk records events for Sanford/Springvale residents that may occur in a different Maine Municipality. This means if you live in Sanford and have a baby in Lewiston or get married in Fort Kent, we will have a record of it. Death records are now filed electronically by the funeral directors making arrangements for the family. The rule for recording death records is "if it happened here, it's recorded here." If someone is a resident and passes on outside of Sanford, but in Maine, we will be able to access the record and issue a copy as long as the information is reported correctly to the funeral director entering information.

Other reports listed in this section are Voter Registration and Election statistics for the same fiscal period. June 2013 was the first election under the new City Charter. In November 2012, voters adopted a new Charter which eliminated the Representative Town Meeting for the budget approval process. Now a referendum vote by ALL registered voters on the second Tuesday in June determines whether Municipal & School Budgets are passed as recommended by the Budget Committee and City Council. This first election had a disappointingly low turnout with only 11% of registered voters voting. I hope that citizens read this and become aware of how they now are able to have a vote in the budget process.

Superintendent of Schools

I am pleased to submit the Annual Report of the Superintendent of Schools for the 2012-2013 academic school year. Last year our students, staff and community experienced many unique opportunities as well as some serious challenges.

With plans for a state funded school construction project for our high school and technical center underway, a sense of excitement has developed in our community around the opportunities we will be able to provide our students. The City Council appointed a Building Committee which included representatives from the City Council, the School Department and the community. This committee selected Lavallee-Brensinger as the project architect and began the State of Maine's mandatory review of the existing site while also searching for alternative sites. In January 2012, the Building Committee held a public meeting to present their findings. Based on public input, a decision was made to explore an alternative site for the project due to space limitations and wetland impacts on the current site. The Building Committee contracted with Sebago Technics to conduct site analysis of an approximately 100 acre parcel located on Main Street across from Old Mill Road; this parcel extends to Route 4 and is bounded by the Mousam River. Building design concepts, meeting schedules, opportunities to participate, etc. are available on the School Department website at www.sanford.org.

Last year our School Department, along with many other districts across Maine, faced significant reductions in state subsidy. This loss of state revenue resulted in a budget approximately \$2.1 million less than the previous year's budget which seriously affected our school and athletic programs and made it necessary to lay off several teachers and staff. The School Committee worked closely with school administrators and union representatives to minimize the impact to students. As a result, some of our class sizes became larger; we had less curriculum offerings and extracurricular opportunities for our students; and we reduced some of the supplies, textbooks and technology for our classrooms. A decision was also made to close Emerson School and transfer students to Willard School. Despite these actions, our school teachers and staff have continued to do their best to provide our students with a high quality and diverse education. I am hopeful that during the next budget cycle, we will be able to restore many of these items to the budget.

We are fortunate to live in a community that values the future of its students and understands the need for a highly trained and skilled workforce. On behalf of all the Sanford School Department employees and the Sanford School Committee, I thank the citizens of our community for their continued support of our schools and programs. It truly "takes a whole village to raise a child".

Respectfully submitted,
David N. Theoharides, Superintendent

Sanford Community Adult Education

2012-13 saw major changes at Sanford Community Adult Education. During the summer of 2012 SCAE started the Garage Band Rock Camp for grades 7-12. Students participated from Sanford, Wells, Massabesic, and Lowell, MA. The week long camp culminated in an electric and emotional concert.

In spring 2013, SCAE opened Arts Afire (a community art studio) which offered pottery and painting programs for all ages in the greater Sanford community.

There were over 2,150 enrollments in the greater Sanford-Springvale communities who took more than 300 classes through SCAE in the 2012-13 year. As a result of their participation, the following certificates and diplomas were awarded: 47 high school diplomas & GED's, 2 ROAD college transition certificates, 8 CNA certificates, and 5 other employment skills certificates.

SCAE continued to expand its community enrichment programs at the Anderson Learning Center. Classes were offered during the morning, afternoon, evening, and weekend. Over 1,050 learners participated in classes and we continued to work with SRTC to offer vocational programs in Welding and Certified Nursing Assistant. SCAE began a partnership with Back to Basics specializing in Behavioral Health Professional training and certification in both school-based and non-school based training. SCAE also continued to host and partner with University and Senior College students who took both ITV and in-person classes at the Anderson Learning Center.

In recognition of SCAE's continued success, grants were renewed with our College Transitions Program and our Families "READ" Program (The Barbara Bush Foundation). SCAE was recognized as a Lighthouse Grant state recipient. In addition, SCAE was rewarded the Adult Education Family Literacy Act (AELFA) grant for another two years. SCAE received the 2nd highest grant score in the state in recognition of its programming.

Maine's Department of Education made some difficult decisions regarding the GED test. After careful analysis, Maine decided to end its long-time relationship with GED and transition to a new high school equivalency test sponsored by the Education Testing Service (ETS) called HiSET. HiSET will be offered in 2014 as the new high school equivalency test for Maine residents.

SCAE continues to provide high-quality programming for Sanford/Springvale residents. Please visit us at www.sanfordlearns.org for more information or call 490-5145.

Respectfully submitted,
Allen Lampert, Director

Special Education

The 2012-2013 school year was an exciting year as we worked together to meet the needs of students with disabilities. We began several initiatives and each found great success:

- We saw the opening of the BRIDGE Program. We started the year with only 7 students and found ourselves with 14 students by year's end! The creation of the BRIDGE Program expanded the continuum of special education services offered to the communities of Sanford/Springvale. Students who normally would be placed out of district for education were instead educated within their home community with the ultimate goal of returning to a less restrictive educational setting.
- We continued our work reviewing, revamping, and streamlining our district's practices within special education, with an end goal of increased efficiency and consistency across the K-12 spectrum. This has been achieved on several fronts:
 - Increased staff development focused on State/Federal compliance with regard to special education documentation and the successful implementation of educational plans for our identified students
 - Continued focus recognizing/identifying State Agency Client students to recoup the special education portion of their education from the State (this generates a significant amount of revenue each year for the district)
 - Addition of math consultant Mrs. Randall-Bourgault to our K-12 staff. With dedicated time during Teacher Workshop Days, Early Release Days and on-going 1:1/building-level teachings, Mrs. Randall-Bourgault implemented professional development based on Dr. Malesh Sharma's methods. Instruction focused on the process of learning mathematical concepts, skills, and procedures based on each teacher's ability to instruct students.

These are just a few examples demonstrating our tremendous commitment to not only the special education students within the Sanford School Department, but to the improvement and success of the Sanford/Springvale community. By offering staff tools to instruct, constructive feedback based on data collection and by leading by example, we nurture the seeds of success which, in turn, will be passed on to our students.

Respectfully submitted,
Stacey Bissell

Maintenance Department

As a Department, custodians and maintenance personnel provided clean and safe educational spaces for nearly 4,000 students and staff.

The Custodial/Maintenance Department maintained ten educational buildings totaling over 484,000 square feet. This department was also responsible for the maintenance of eighty-five acres of lawn, playground, sports facilities and storage buildings. The maintenance of these facilities was accomplished with twenty-seven full time custodians, one director, two maintenance/groundskeepers and one full time secretary.

In addition to regular maintenance, the following projects were accomplished:

Lafayette School - installation of a sprinkler system

Carl J. Lamb School - replacement of four rooms of carpet with VCT Tiles.

Margaret Chase Smith School - replacement of front walk and commenced building a new shed in back of the school

Sanford High School/Sanford Regional Technical Center - re-pointed the building's exterior, remodeled a classroom into two office spaces for Assistant Principals Roberts and Watts, replaced three sets of fire barrier doors, replaced exterior doors in hallway corridors and assisted Plante Paving in the construction and paving of six handicap ramps

Sanford Junior High School - replacement of fourteen windows at rear of building and a set of exit rear doors

Memorial Gym - scrubbed and re-coated gym floor

Willard School - replacement of four sets of fire barrier doors in the stairwell on 'A' floor and replacement of five sets of stairwell doors

Sanford Community Adult Education - addition of a kiln and sink to make an Art Room.

BRIDGE School - renovations to Cy/Ro- Evonik's old IT building at 1796A Main Street for the BRIDGE Program.

Maintenance - addition of a new storage building at the back of the existing Maintenance Building to store chemicals, paper, desks, cabinets and other items for the District.

Respectfully submitted

Ty Pombriant, Director of Facilities and Maintenance

Carl J Lamb School

Carl J Lamb School, located at 233 Shaw's Ridge Road in Springvale had an enrollment for 2012-2013 of 535 students. The educational staff consisted of 26 classroom teachers and support staff to provide services in: Art, Music, Physical Education, Health, Library Instruction, Computer Instruction, Title 1 Reading, Speech, Special Education Services, School-based Counseling, Occupational and Physical Therapy.

Consistent school policies and procedures for students at CJL allow staff to spend quality time teaching academics. Our staff is moving forward with Student Centered Standards Based Learning and almost all teachers have been trained in all three levels of the Reinventing Schools Coalition (RISC) staff development offered by the district. Teachers work collaboratively with district colleagues to develop lessons, choose resources and assessments for standards appropriate for our students. We continue to emphasize the core values (respect, responsibility, honesty, compassion, and courage) and use the Second Step social emotional curriculum in K-6 classes to maintain the positive climate in our school.

During the 2012-2013 school year, staff from The University of Southern Maine studied practices and procedures at Carl J Lamb School along with two other schools in Maine. We were asked to participate based on our growth in national and state testing scores and our lower cost per student rate versus other schools with the same demographics. They conducted classroom observations, group interviews with teachers, students and parents, as well as individual conversations with building and district administrators. Information gathered during their week long visit was shared with USM faculty members and area superintendents.

Our PTG continues to organize regular family events to encourage parents and children to learn and have fun together. Movie Nights, Ice Cream Social Night and Friday night activities for students in grades 4-6 are always successful. Fundraisers provide cultural activities for our students: Portland Symphony Kinder Concerts for K-3 children, trips to the PSO and the Art Museum for fourth graders, visits from authors or artists and trips to ballets and opera performances for students K-6.

Connecting our children to the community supports relevant real life learning. Recycling our paper/cardboard, creating community gardens, planning and producing community awareness videos, local fieldtrips to learn about animal care, hospital operations, fire safety and Sanford/Springvale history all support the goals of our Vision.

The Carl J Lamb School Staff provides a safe, caring environment where our students can make steady academic growth. We wish to thank the residents of Sanford/Springvale for their on going involvement and support of our school and the Sanford School Department.

Respectfully submitted,
Deborah Gaudreau, Principal

Margaret Chase Smith School

During the 2012-13 school year, the 402 member student population in grades Kindergarten to third grade at Margaret Chase Smith School enjoyed:

- ❖ Creating classroom Codes of Conduct and S.O.P.s (standard operating procedures for working and learning) for their rooms
- ❖ Knowing their educational standards in math and literacy and understanding when their standards had been met
- ❖ Participating in grade level or class specific units focusing on: weather, animals, other countries, habitats, environments, their town and their state
- ❖ Participating in field trips that supported educational units of study and special guests that reinforced learning
- ❖ Participating in art and music classes, concerts and special visits
- ❖ Participating in the 5,2,1,0 program as part of physical education and health classes as well as ACES (All Children Exercising Simultaneously) Day and the annual health fair which featured community organizations and helpers
- ❖ Working in the computer lab for educational reinforcement and research instruction
- ❖ Being part of state and district wide testing

Keeping in mind that social and emotional well-being is an important part of how well we learn and function in our society, students also participated in the following activities:

- ❖ Second Step social learning lessons
- ❖ “Do The Right Thing” rallies
- ❖ Service learning activities including collecting pajamas for a local shelter, collecting food for the local food pantry and performing projects benefiting a local animal shelter.
- ❖ Annual Veterans’ Day Ceremony with many community guests
- ❖ Annual reading challenge
- ❖ Classroom/grade level specific events such as helping to save the rain forest and the national “Read to Feed Program”
- ❖ Classroom/grade specific reading buddies

We would like to acknowledge the wonderful support of our parents and our PTG (Parent Teacher Group). Parental support plays a significant role in every child’s educational success, both in the classroom and with enrichment. Thanks to our parents we had:

- ❖ Several classroom volunteers
- ❖ Lots of field trip helpers
- ❖ Visitors to classroom projects and special events like “Read Across America” Day
- ❖ A Halloween event, a Holiday Extravaganza, a Game Night, support for our field trips and an end of year event called “Wet Day”!

Thank you too, to the tax payers of Sanford for supporting our children – our future!

Respectfully submitted, Sharon Remick, Principal

Willard School

Willard School is an upper elementary school with 446 students in grades four through six. We have seven 4th grade classes, six 5th grade classes and six 6th grade classes. Much planning has to occur with the knowledge that Emerson School will close. Restructuring at Willard School will mean shifting several staff members to the junior high and adding Emerson School's classroom teachers to Willard School which will transform us from a 4-6 school to a K-5 elementary school. The following is a quick snapshot of our school year.

Staff worked hard to move forward with Sanford Vision goals. Staff spent time unpacking the Learning Targets so that they are well known, experimenting with Educate (a reporting system) and implementing strategies for a Student Centered Performance Based Learning System to improve our students' academic performance. Willard School also completed year three of its three year Continuous Improvement Plan (CIP). Special education teachers received coaching in the areas of math planning and instruction. All staff received training in the use of technology to enhance instruction. Many other strategies continued as well including our popular Family Math/Literacy Nights to share strategies and fun activities that can be used at home to support math and literacy skills and our Math Fair where community members share their career experiences involving math to further encourage student learning.

Willard School also offered many Service Learning opportunities for students. One such opportunity was the creation of Recess Referees. Led by Mr. Tranchemontagne, this program had approximately 50 students across grades 4-6 who assisted at recesses by reinforcing the rules to several popular games, resulting in less arguing amongst students and more time to play. Along with opportunities to provide Service Learning, some classes were the recipients of services from high school and junior high classes.

There were many great events at Willard School including celebrating our own Ms. Wagenfeld as being chosen Sanford's Teacher of the Year. Students also participated with students from the junior high and high school on Space Day enjoying guest speakers and activities promoting math/science and engineering through space exploration. There were also PTG sponsored activities like the Jump Rope Assembly during which students learned the healthy benefits of staying active and many more.

We believe the changes and opportunities that occurred this school year and will continue in the future will make a positive difference in our students' lives.

Respectfully submitted,
Chuck Potter, Principal

Lafayette School

Lafayette School's enrollment was approximately 100 students in grades 1 through 3 during the 2012 – 2013 school year. There were two classrooms for each grade which included the addition of a new grade three classroom; our budget remained the same from the previous year.

Lafayette staff members continued to work extremely hard on the Sanford Vision. We scheduled collaboration times after school to work on Educate, standards, grouping and reporting with the help of Doug Finn. Staff also took advantage of many professional development opportunities offered by the district. Most have been trained in Classroom Design and Delivery as well as Instructional Design and Delivery. This year, Lafayette welcomed many educators to the classrooms for site visits. Teachers continued to use NWEA scores to improve instruction by analyzing data and setting goals with their students.

The Fountas and Pinnel Leveled Literacy Intervention Program purchased with money from the teachers' reduced book budget has been successfully used in our Response to Interventions for lowest achieving students in reading. Our Literacy Educational Technician assisted the first grade teachers during literacy block and worked with LLI groups in the afternoon to fully utilize the program and position fully.

Lafayette continued to offer a We're Open Wednesdays (WOW) Program periodically with free organized activities for Lafayette students after school on Wednesdays; approximately 60 children participated in each session. The WOW Program was directed by Melissa Smith, Lafayette's guidance intern from USM who received credit toward her master's degree for her work on the program. Lafayette School also worked with the Junior High School to offer weekend food backpacks to children in need and eventually started our own program. A third grade student patrol helped monitor playgrounds during recess, creating leadership and problem solving opportunities.

Due to budget cuts, teachers took advantage of their membership at Ruth's Reusables on a regular basis to maintain creative and productive classrooms. Lafayette teachers also learned how to utilize Donor's Choose website to obtain fantastic teaching tools they otherwise would not be able to acquire. Several teachers had computers, curriculum materials, learning games and other items donated to their classrooms.

One of our school's most valuable assets is the group of parent volunteers from the families at Lafayette. Their commitment to education and their assistance when called upon has been immeasurable. We thank them for their generous help throughout the school year.

Respectfully submitted,
Patricia Leet, Principal

Sanford Junior High School

During the 2012/2013 school year, Sanford Junior High School's enrollment consisted of approximately 450 7th and 8th grade students. 55% of our students qualified for free/reduced lunch and 22% of our students were identified under special education. The staff consisted of 22 content area teachers, 9 health, PE, and visual/performing arts teachers and 7 special education teachers.

2012/13 brought new administration to Sanford Junior High School in the form of Drew Patin as principal and Pam Lydon as assistant principal. Drew and Pam were hired together as teachers back in 2002 and are "home grown" administrators. They have been working hard during the 2012/13 school year to further improve the junior high's success. Under their leadership, the school worked on improving school efficiency and altering structures to increase student learning time and engagement. The staff participated in a school visioning process entitled "We Have a Dream" which is on its last revision. Staff are also vetting a brand for the school which will serve to bring a focus to everyday teaching and learning.

2013/14 will bring the much welcome addition of 150 6th grade students from Willard School along with 10 staff members, thus creating a true middle school. SJHS's continued focus for next year will be to create highly functioning teams of teachers that deliver instruction across the content areas. All teachers will create highly engaging units that spark student interest, inquisition, and motivation. Teachers will continue to assist students in discovering their talents and abilities and work on areas that need improvement.

SJHS appreciates and values the community's support in educating our students. With the focus on real world problem solving and authentic learning, it will be more important than ever to partner with the community to accomplish this. SJHS encourages feedback on its performance and is always aiming to improve student learning.

Respectfully submitted,
Andrew Patin, Principal

Sanford High School

Sanford High School continues to serve 1069 students in grades nine through twelve. As one of the largest class “A” high schools in Maine, Sanford is highly regarded for its ability to offer a wide range of Advance Placement courses as well as many rigorous career pathways. Sanford High School continues to work closely with Sanford Regional Technical Center to create more seamless curricula between the two entities.

Sanford High School continues to build community based learning opportunities for its students. Programs like Extended Learning Opportunities, Service Learning and Job Shadowing give students the opportunity to earn credit while applying skills that are necessary to be successful in the workforce. Committed to our Vision “Learning for Life”, the high school community believes that learning opportunities should be available and supported beyond the school walls.

During the past school year, Sanford High School continued to implement its technology plan by establishing 1:1 technology with iPads for students in grades 9 and 10. The school established time on Thursday mornings for staff professional development to help with the implementation of this technology and with student centered proficiency based education while also creating enrichment activities for students. Sanford High School continued its commitment to finding more efficient and effective ways to engage students in their learning. By giving student access to current technologies, Sanford High School continues to be able to move towards digital textbooks that are more interactive and current than traditional books. Students and teachers can access an immense amount of digital resources that would not be accessible without technology.

Sanford High School faculty, staff, and administration continue to focus on strategies to enhance achievement for all students. Our classroom teachers and support personnel work very hard to meet the needs of all our young adults. A high percentage of graduates pursued post-secondary opportunities as described below, successfully competing in the challenging application process to gain admission to institutions of higher learning regionally, nationally, and abroad. Our entire school district and community at large should celebrate the work of all students as they continue to further their education. In the year 2012-2013, SHS students were accepted as follows:

4 year colleges 32%	Other schools/colleges 31%	Employed 35%	Military 1%	Other 1%
------------------------	-------------------------------	-----------------	----------------	-------------

At graduation ceremonies in June, 2013, Sanford High School awarded diplomas to 245 graduating seniors. More than \$100,000 in scholarship money was donated in support of those furthering their education. It has been a practice for many years to recognize every student that has applied to the Sanford High School Scholarship Fund.

Thank you to the communities of Sanford/Springvale and Acton for supporting us. Without your assistance, we couldn't provide the strong comprehensive curriculum and extensive co-curricular programs that prepare our students for the future.

Respectfully submitted, Jedediah Petsinger, Principal

Sanford Regional Technical Center

SRTC provides career and technical education for students from Sanford High School and six other York County high schools. Programs located at the Sanford site include: Automotive Technology; Building Trades; Computer Assisted Drafting & Design; Digital Design; Pre-Engineering/Robotics; Landscaping & Horticulture; Graphic Arts; Health Occupations; Computer & Network Systems; Precision Manufacturing; Residential Wiring; Video Production; and Welding & Metal Fabrication. Students also participate in Early Childhood Occupations & Education, Culinary Arts and a second Health Occupations program at Noble and Marshwood High Schools.

SRTC's Career Planning Center strives to help students understand the variety of college and career options available to them after high school. Students develop their job-seeking skills including writing a resume, reference sheet, and cover letter, as well as preparing for job interviews. Emphasis is placed on helping students identify and improve their soft skills, so essential to success at work. They learn about the benefits of higher education and how financial aid can make college affordable. The second annual College & Career Fair was held with seventy representatives of business, education and the military in November. This was followed by On-the-Spot Admission Days with the two local community colleges - SMCC and YCCC - which enabled many students to secure admission. Since so many SRTC students are pursuing associate degrees at these institutions, students attended orientation and course registration as a group, so they were able to select classes and even coordinate transportation with their classmates. As a result, students form a natural support system for one another as they progress to their next level of education.

SRTC's non-profit foundation, Great Works, advises and supports learning activities for students at the center. In conjunction with Great Works, SRTC students from a number of programs began renovating a 1915 crafter's house in Springvale with a completion date in late spring 2014 for the Sanford Housing Authority. Other projects in 2012-2013 involved various community agencies and organizations such as the Maine Veterans Cemetery, Sanford Planning Dept., City Hall's Information Systems, Goodall Mansion Society, the EPA as well as placing students in work-based learning opportunities with area businesses. To date Great Works also helped launched two student businesses.

Each year students from SRTC participate in SkillsUSA which is a career and technical organization that provides students opportunities for leadership development, community service, teamwork, and skill attainment. This co-curricular student organization is specifically tailored to be an integral part of the instructional program. Each year student members participate in skill competitions and leadership conferences. As a warm-up for the state conference, SRTC holds a local skills conference in which every student has the opportunity to compete. In the spring of 2013 SRTC participated in the state conference. Of the forty-eight students who attended, thirty were awarded medals in their competitions.

Sanford Regional Technical Center staff continues to be committed in assisting all students to be successful by connecting education to a career. For more information about SRTC, please visit our web site at <http://sanford.mainecte.org>.

Respectfully submitted,
James C. Stopa, Director

Sanford School Nutrition Programs

Sanford School Nutrition Programs served 450,000 meals and after school snacks to students in all seven of the district's schools, to students attending the Alternative High School and the Bridge Program and to children at the First Steps Early Learning Center during the 2012-2013 school year.

Nearly sixty percent (6 out of 10) of the district's students were eligible for free or reduced price meals, which accounted for 86 percent of all meals and snacks served.

In May, four of Sanford's elementary schools were recognized by the US Department of Agriculture and Maine Department of Education for their work in creating healthier school environments through the promotion of good nutrition and physical activity. Carl J. Lamb, Emerson, Lafayette and Willard Schools each hosted a recognition ceremony at which Gail Lombardi from the Maine Department of Education presented each school with a plaque and banner.

Fresh Fruits and Vegetables grant awards were received from the US Department of Agriculture to help provide fresh fruits and vegetables to students. A fresh fruit or vegetable was offered to elementary students each day in the classroom. Students were encouraged to sample the fresh fruit or vegetable of the day to increase their consumption of and exposure to foods they may not otherwise have the opportunity to try.

The Summer Foodservice Program served 26,000 meals to children which amounted to 10 percent of the total summer meals served by school sponsors in the State of Maine. Meals were served to children at Benton and Carpentier Parks, Springvale Playground, Carl J. Lamb, Margaret Chase Smith and Sanford High Schools and the Memorial Gym. Meals were also provided for children at First Steps Early Learning Center, Sanford Police Cadets & Youth Initiatives and students attending York County Community College (YCCC) Summer College for Kids. Meals were packed to go for field trips and beach days.

All meals and snacks were prepared on site by School Nutrition staff. Staff is trained in food safety and sanitation to keep our children's food safe.

I would like to thank the community for its continued interest in and support of the food and nutrition programs sponsored by the Sanford School Department.

Respectfully submitted,
Holly S. Hartley, Director of Food Services
